

## **Peter Stynes**

Pete Stynes has worked for more than 30 years in the chemical, plastics, and refining industries and is currently the Plant Manager for ConocoPhillips located at Borger, Texas. He came to Borger from Ponca City, Oklahoma, where he was manager of the Phillips 66 Ponca City Refinery. Prior to his time in Ponca City, Mr. Stynes was the operations manager of the Wood River Refinery and, before that, was located at Borger from 1985 to 2002 where he held various management positions in refining, natural gas liquids, chemicals, and plastics at both the Borger Refinery and NGL Center and the Philtex Plant.

He earned his Bachelor of Science in Chemical Engineering from the University of Michigan.

He is a native of Livonia, Michigan.
