

Frank Phillips College offers a variety of degrees and certificates. Associate in Arts and Associate in Science degrees are not awarded in particular areas of concentration. However, students are encouraged to select a degree plan that complements their area of focus so that they have the best possible foundation if they intend to major in that area at a four-year college or university.

Program Name	CIP Code	Award
AGRICULTURE		
Agricultural Business and Management, General	01.0101	Associate's Degree
Farm/Farm and Ranch Management	01.0104	Certificate
Farm/Farm and Ranch Management	01.0104	Associate's Degree
