Campus Security Report

Frank Phillips College Annual Security Report – 2017

Institutional Security Policies and Crime Statistics

Frank Phillips College shares the commitment of providing students and employees with a safe environment in which to learn and work. In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, Frank Phillips College publishes an Annual Security Report regarding campus security and personal safety topics. The report includes statistics for the previous three years concerning reported crimes that occurred on-campus and in appropriate off-campus and/or public owned facilities. The report also includes institutional policies concerning campus security, such as policies concerning the reporting of offenses or incidents, sexual assault, and drugs and alcohol. The Annual Security report is designed as a resource for sharing information that students and employees may need in order to make informed decisions.

College Security

Frank Phillips College strives to maintain a safe and secure atmosphere for members of the student body, faculty, staff, and the general public so that they are not unreasonably concerned for their personal safety. The College, as with any other public or private entity, cannot guarantee a crime-free living or working environment. Accordingly, it is the responsibility of members of the college community to act in a security-conscious manner, and to avoid actions that jeopardize their security as well as the security of others.

Reporting an Offense or Incident

For the convenience of students and employees, guidelines for reporting offenses and incidents are outlined in the Student Handbook under Student Grievances within the Frank Phillips College website at:

<http://www.fpctx.edu/Students/Documents/2017-2018%20%20Student%20Handbook%20SC.pdf>

Persons who need immediate assistance should contact campus security at 806-886-5047 or if felt warranted by the individual, dial 911.

Confidential reporting procedures are honored, as deemed appropriate through state law and practicality, when it is the wish of the victim or witness to keep the matter confidential while striving to ensure the future safety of his/her self and others’.

Timely warning reports, to aid in the prevention of similar crimes, will be made to members of the campus community regarding the occurrence of crimes through use of memorandums and/or e-mail when deemed necessary by the Coordinator of Student Experience and Campus Security. As considered best practice, Frank Phillips College maintains proper communication with area law enforcement authorities to ensure related timely warnings are publicized.

Access to Frank Phillips College instructional locations during business hours (excluding certain housing facilities) is open to students, employees, contractors, guests, and invitees. During non-business hours, access to all Frank Phillips College facilities is by key, if issued, or by admittance via the Campus Security or Student Resident Center Staff. Residence halls are secured 24 hours a day. Students are instructed to keep their room doors locked at all times. Outside doors to residence halls are locked 24 hours a day.

Drug and Alcohol Policies: In accordance with the Drug-Free Schools and Communities Act Amendments of 1989, Frank Phillips College prohibits the possession, use, or distribution of illegal drugs and alcohol on College premises or as part of any College-sponsored event. The College has developed this policy, not only in response to the federal drug-free legislation, but also in an attempt to provide a health environment by preventing the use of illegal drugs or the abuse of alcohol within the College community. Information on the effects of specific drugs and alcohol, and drug counseling resources at Frank Phillips College and in Borger, Texas, can be located by contacting a counselor in the Educational Services department in CLC22 in the Classroom Learning Complex.

Sexual Assault: In instances where sexual assault is alleged, the victim is strongly encouraged to report the incident. The campus offices authorized to deal with sex-crime referrals are Director of Student Central, Campus Security, and Counseling. By contacting one of these offices, the victim will be informed of his/her voluntary/confidential reporting rights and given specific information as how to go about bringing formal charges against the accused. The procedures for on-campus disciplinary action will be the same as those outlined in the Student Handbook and the Employee Handbook for any other alleged violation of the Student or Employee Code of Conduct. If, after conferring with the student, it is decided that a given incident is to be referred to law enforcement authorities, this action would then be pursued by the appropriate law enforcement authorities. It should be stressed that the preservation of evidence is critical for criminal prosecution. Students and employees are hereby advised that they have the option of pursuing their allegations either through the Office of the Director of Student Central, under the Student Code of Conduct, or through the appropriate law enforcement authorities under certain criminal and/or civil laws and requirements, or both. Pursuing allegations through both authorities does not constitute double jeopardy. Institutional personnel will assist the student in notifying these authorities if requested by the student. Ultimately, it is the student's option as to whether or not they want to pursue allegations through both authorities.

Possible Sanctions: The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding. Both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense. Depending upon the severity of the incident, those persons found guilty of a sex crime would be subject to a range of penalties: e.g., mandatory counseling, suspension, or dismissal from FPC, as well as other sanctions outlined in the Student and Employee Handbooks. In addition, if a given incident is referred to the Civil authorities, and if the accused is found guilty, the typical range of sanctions available to a criminal court may also be imposed.

Support for Victims: Every effort will be made to provide victims of sexual assault with all the medical and psychological referrals for treatment as soon as possible.

Changing Academic and/or Living Arrangements: When appropriate, and in respect for the rights of victims and accusers, academic and/or on-campus living arrangements may be modified as the direct result of an alleged sexual assault. This action may be taken when requested by the victim or accuser and if such modifications are reasonable and available. These arrangements would be coordinated through the Director Student Central.

Counseling Services: Those students who have become victims of a sex crime are eligible for, and encouraged to take advantage of, the counseling services offered by the FPC counselor. Referrals to other community support services will be made when appropriate. Various programming to address sexual assault, rape, acquaintance rape, and other forcible and nonforcible sex offenses, is available throughout the academic year. Information on registered sex offenders can be obtained through the Texas Department of Public Safety Crimes Record service located at:
<https://records.txdps.state.tx.us/DpsWebsite/index.aspx>.

Statistics: Frank Phillips College will use the Federal Bureau of Investigation's Uniform Crime Reporting typology for campus crime reporting as mandated by the Campus Security Act (1990, 1994). Crime statistics to be reported for each campus include: murder, rape, or forcible or non-forcible sex offense, robbery, aggravated assault, burglary, motor vehicle theft, manslaughter, arson, and hate/prejudice crimes. Also to be reported: statistics on arrests or persons referred for campus disciplinary actions for any of the following: liquor law violations, drug-related violations, and

weapons possession. Definitions are extracted from three sources: the Federal Bureau of Investigation's Uniform Crime Reporting Handbook, the National Incident-Based Reporting System edition of the Uniform Crime Reporting Handbook, and the Higher Education Amendment of 1998.

Crime Logs: Frank Phillips College will make, keep, and maintain daily logs of crimes reported to police or security departments. Daily crime logs must include, but not be limited to, nature, date, time, as well as general location and disposition of the complaint, if known. FPC will update logs with new information when available but not later than two business days. Campus crime statistic logs will be made available to the public except where prohibited by law or when disclosure would jeopardize the confidentiality of the victim. FPC reserves the right to withhold information when the release would jeopardize the investigation or the safety of an individual until the damage would no longer occur as a result of the release of information. FPC will make the crime log for the most recent 60 day period open to public inspection during normal business hours. The crime log older than 60 days will be available within two business days of a request for public inspection.

Request a copy of this Annual Security Report by contacting Frank Phillips College at 806.457.4200, Ext. 707, or write Campus Security Report, President's Office, P.O. Box 5118, Borger, Texas 79008.

Drug Prevention Program

In accordance with the Drug-Free Schools and Campuses Drug Prevention Program, Frank Phillips College has implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by its students and employees on school premises or as part of any of its activities. Federal regulations also mandate that each employee and student receive a notice of these policies. Therefore, provided here for the benefit of each student and employee are standards of conduct, and legal and disciplinary sanctions for unlawful possession or distribution of illicit drugs and alcohol abuse.

Drug and alcohol abuse counseling and referral are available at the Frank Phillips College Counseling office. Additional information, both on the effects of specific drugs and alcohol and drug counseling resources in Borger and surrounding areas, are available in the FPC Counseling Center.

Legal Sanctions

Students or employees found in violation of any Frank Phillips College rule or any local state or federal law regarding the use, possession or distribution of alcohol or other drugs (as defined by the Texas Health and Safety Code, Subtitle C. Substance Abuse Regulations and Crimes, Alcoholic Beverage Law, and Texas Penal Code 481, Texas Controlled Substance Act) will be subject to legal penalty in addition to any appropriate college disciplinary action. The most common state law violations and their consequences are:

Disciplinary Process/Responses

All students and employees are expected and required to obey the law, to comply with Frank Phillips College institutional rules and with directives issued by a Frank Phillips College administrative official in the course of his/her authorized duties. Any student or employee who engages in conduct that is prohibited by Frank Phillips College rules or by federal, state, or local law is subject to either student discipline or appropriate personnel action.

Guidelines and procedures regarding Frank Phillips College disciplinary sanctions are included in the Frank Phillips College Student Handbook and the Employee Policy Manual.

Health Risks

Drug and alcohol use, misuse, and abuse are complex behaviors with many determinants at both the cultural and the individual levels. Awareness of the deleterious effects of any drug/alcohol is imperative for an individual's well-being or survival.

NEGATIVE CONSEQUENCES may be exhibited through:

- Physical dependence (the body's learned requirement of a drug for functioning).
- Abuse of any drug or alcohol whether licit or illicit may result in marginal to marked and temporary to permanent physical and/or psychological damage, even death. Since many of the illicit drugs are manufactured and sold illegally, their content varies and may contain especially harmful ingredients or amounts.
- Psychological dependence (the experience of persistent craving for the drug and/or a feeling that the drug or alcohol is a requirement for functioning).

Family Education Rights and Privacy Act (FERPA)

Rights Under Family Education Rights and Privacy Act (FERPA) – The Family Educational Rights and Privacy Act affords students certain rights with the respect to their educational records. These rights are listed below:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, the official shall advise the student of the correction official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part to the record they want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, or assisting another school official in performing his/her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Frank Phillips College to comply with the requirements of FERPA. For further information, contact Admissions and Records at 806.457.4200, Ext. 707.

Consumer Information Financial Assistance Information

AVAILABLE FINANCIAL ASSISTANCE – Frank Phillips College (FPC) participates in several Federal, State, private and institutional student financial assistance programs. These programs include both need-based and non-need-based programs. For determination of need-based Federal or State Financial Aid eligibility, the Free Application for Federal Student Aid (FAFSA) must be completed annually. A formula is applied to the information provided by the student on the FAFSA. Congress established this formula, which determines the student’s financial need. The formula result is called the Expected Family Contribution (EFC) and is produced on the Student Aid Report (SAR). Once the student registers with the college, Student Financial Services Office will then request from and/or provide the student with any additional required forms. In order to qualify for need-based financial assistance, the student must have financial need. Financial need is defined as the difference between the student’s cost of attendance (determined by the Director of Student Financial Services and the basic components consist of an average cost for tuition and fees, room and board, books and supplies, transportation, personal and miscellaneous expenses) and the student’s EFC, and aid from other sources. Students who do not have financial need do not qualify for need-based financial assistance.

The financial aid programs available at FPC are administered according to the laws and guidelines of each program. Essentially, eligibility requirements are the same for all Federal and State financial aid programs. Recipients of financial assistance must:

1. Be a U.S. citizen or an eligible noncitizen and have a valid social security number;
2. Be registered with Selective Service if a male who is at least 18 years old and born after December 31, 1959, unless you are not required to register;
3. Have a high school diploma or GED certificate;
4. Show documented financial need;
5. Be enrolled or plan to enroll at least part-time as a regular student in an eligible program. The Pell Grant program will permit eligible students to enroll in three hours and at least six hours for the loan program.
6. Be working toward a degree or certificate;
7. Maintain satisfactory academic progress in a course of study;
8. Not be in default on any loan or owe a refund on any grant made under Title IV of the Higher Education Act of 1965, as amended, at any institution; and
9. Not have a conviction for violating any federal or state drug possession or sales law while receiving financial aid.

The U.S. Department of Education frequently changes regulations pertaining to financial aid. Since FPC attempts to comply with all legislative mandates and federal regulations, the Student Financial Services Office reserves the right to make policy and procedure changes during the award year. If change occur, they will be posted in the Student Financial Services Office.

FPC participates in the following Federal and State financial assistance programs:

PELL GRANT: The Federal Pell Grant is a need-based grant and is designed to provide eligible students with a foundation of aid to help defray the cost of education. It is always the first program considered for each applicant. If the student’s EFC is below a certain amount (as set by the Department of Education (DOE)), they will qualify for a Pell Grant, assuming they meet all other eligibility requirements. A student’s Pell Grant is determined by their EFC and enrollment status as set by the DOE.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG): The FSEOG is awarded to students with the lowest estimated family contributions who are also receiving Federal Pell Grants and have the highest unmet financial need. Awards are based on the student's enrollment and on a first-come, first-served basis.

TOWARD EXCELLENCE, ACCESS AND SUCCESS GRANT (TEXAS GRANT): The TEXAS grant is awarded first-come, first-served to Texas residents who are enrolled at least three-quarter time and meet the following eligibility requirements: have financial need and an expected family contribution of \$4,000 or less, graduate from a Texas public high school having completed the recommended or higher level curriculum and have enrolled as an entering undergraduate student (prior to completing 30 semester credit hours) no later than the 16th month after the month of high school graduation, not have been granted a baccalaureate degree, and not have a felony conviction involving a controlled substance. Continuing eligibility requires the student to complete at least 75 percent of the semester credit hours attempted in the student's most recent academic year and have a cumulative GPA of 2.5 or higher and complete at least 24 semester credit hours per year.

DIRECT STAFFORD LOAN (Subsidized and Unsubsidized): A Direct Stafford Subsidized or Unsubsidized Loan is a fixed-interest loan made to students enrolled in an eligible program who are attending school at least half-time. The subsidized loan is a need-based program and the government pays the interest during in-school status, grace periods and authorized deferment periods. The unsubsidized loan is not need-based and the borrower is responsible for paying the interest during these loan periods, although payments of principal are not due until after the close of the borrower's grace period. Loan request forms are available at ww.fpctx.edu under the Students tab and Student Financial Services Forms and interested students must turn in a Student Loan Request form to the Student Financial Services Office. Student loan recipients must complete a master promissory note. Entrance counseling is available at the studentloans.gov website. Repayment begins six months after a student leaves school or drops below a half-time enrollment. Students will find detail information on student loans at www.studentloans.gov.

TEXAS EDUCATIONAL OPPORTUNITY GRANT (TEOG): The TEOG Grant is awarded first-come, first-served to Texas residents who are enrolled at least half-time and meet the following eligibility requirements: have financial need and an expected family contribution of \$2,000 or less, not be convicted of a felony involving a controlled substance, not have an associate degree or baccalaureate degree, must be an entering student enrolled in the first 30 hours of his/her degree or certificate and not be eligible for a TEXAS Grant. The maximum TEOG Grant, as determined by the Texas Higher Education Coordination Board, is the average statewide amount of in-district tuition and required fees. Initial recipients must meet FPC's satisfactory academic progress. Continuing eligibility requires that the student complete at least 75% of the hours attempted in the prior academic year and have a cumulative GPA of 2.5 or higher.

COLLEGE WORK-STUDY EMPLOYMENT PROGRAMS: Both the Federal and State College Work-Study Programs provide jobs on campus for undergraduate students with demonstrated financial need who must or prefer to work while in school in order to meet their educational expenses. Work hours are flexible and generally fit the student's class schedule. Students are paid the prevailing minimum wage bi-weekly. Each work-study student is awarded an amount that cannot be exceeded. Once the student's award is earned, employment is terminated. Employment through the College Work-Study Program does not make the student eligible for unemployment compensation when the job is terminated and/or the school term ends. To qualify for work-study employment, students must be enrolled at least half-time. Students should apply for work-study by completing an application for work-study employment in the Student Financial Services Office.

FEDERAL STAFFORD LOAN (Subsidized and Unsubsidized): A Federal Stafford Subsidized or Unsubsidized Loan is a fixed-interest loan made to students enrolled in an eligible program who are attending school at least half-time. The

subsidized loan is a need-based program and the government pays the interest during in-school status, grace periods and authorized deferment periods. The unsubsidized loan is not need-based and the borrower is responsible for paying the interest during these loan periods, although payments of principal are not due until after the close of the borrower's grace period. A lender such as a bank, credit union or savings and loan association makes loans. These loans are insured by the state guarantee agency and reinsured by the federal government. Loan request forms are available at ww.fpctx.edu and interested students must turn in a Student Loan Request form to the Student Financial Services Office. Student loan recipients must complete a master promissory note and submit it to their lender. Repayment begins six months after a student leaves school or drops below a half-time enrollment. Before the loan enters repayment, the lender will send the student a repayment schedule which outlines the total principal, amount of interest expected to accrue over the life of the loan, monthly payment amount, and the date the payment is due. The maximum repayment is ten years. There is a minimum payment of \$50.00 per month, but may be higher, depending on the outstanding balance. For example:

Student borrows	\$3,000 the first year
	<u>\$4,500</u> the second year
	\$7,500 Total

This student will pay approximately \$85.00 per month for 120 months on a regular ten-year repayment plan. Income-sensitive, graduated or extended repayment plans are repayment options offered by lenders. If the student does not receive a repayment schedule, he or she is still responsible for repaying the loan. It is the student's responsibility to provide his or her lender with a current address and phone number. It is important that students stay in contact with his or her lender. Repayment of the principal balance may be postponed through different types of deferments or forbearance. Students who receive a student loan may obtain deferral of the repayment of the principal and interest of the loan for service under the Peace Corps Actg (22 U.S.C. 2501); service under the Domestic Volunteer Service Act of 1973 (42 U.S.C. 4951); or comparable service as a volunteer for a tax-exempt organization of demonstrated effectiveness in the field of community service. Students should contact his or her lender/servicer for deferment and/or forbearance information.

A dependent student can borrow combined subsidized and unsubsidized loans not to exceed the annual loan limits. Effective July 1, 2008, loan limits for freshmen dependant students are \$5,500 per year; sophomores, \$6,500 per year. Independent students may borrow additional unsubsidized loans not to exceed \$6,000 (loan limits are subject to change based on government decisions). For loan purposes, a student's classification will be determined by the number of hours completed towards his or her selected degree or certificate at the time of initial certification. A student who transfers in the middle of an academic year and has received his or her annual loan limit while at the transfer institution will not be eligible for a loan until the beginning of the next academic year. Students enrolled in only developmental course work are not eligible for loans. If a student failes to repay their student loan, the student is not eligible to work at a federal institution, wages will be garnished, any license held by the student will be revoked, and the student's IRS refund will be held and the student is not eligible for state or federal aid.

Federal regulations require that students interested in the loan program must complete the Free Application for Federal Student Aid and provide the Student Financial Services Office any other requested documentaiton. In addition, borrowers must complete entrance loan counseling before receiving a loan each academic year. Exit loan counseling is required before the student ceases at least half-time enrollment or at graduation. Once the student completes counseling, confirmation is sent to the FPC Student Financial Services Office. The student is notified through their FPC e-mail to complete their loan application online.

FPC does not participate in the Perkins Loan.

PARENT PLUS LOAN FOR UNDERGRADUATES: The Federal Parent Plus loan is a fixed-interest loan created by the Federal government to help creditworthy parents pay for their dependent student's education beyond high school. Federal Plus loans are not restricted to a student's financial need. The Department of Education will perform a standard credit check with a national credit bureau before approving the loan. If approved, the parent is responsible for paying the principal amount of the loan and all interest that accrues from the date of disbursement until the loan is paid in full. Repayment begins within 60 days after the loan is fully disbursed. The loan amount may not exceed the dependent student's cost of attendance minus other financial aid awarded for the loan period. The student must be enrolled at least half-time to receive a Plus loan. To determine a student's eligibility for a Plus loan, the student must complete the Free Application for Federal Student Aid. Parents may request a Parent Plus loan by completing an application at <http://studentaid.ed.gov/types/loans/plus>.

ALTERNATIVE LOANS: Numerous lenders offer other types of variable rate educational loans for creditworthy students. Alternative loans are provided without consideration of financial need and are usually a last option after more economical sources are exhausted. A complete financial aid file is required before FPC will certify an alternative loan application. Alternative loans will follow the same disbursement policies as subsidized and unsubsidized loans, and will not be certified greater than the student's cost of attendance.

INSTITUTIONAL SCHOLARSHIPS: The scholarship programs administered by Frank Phillips College are generally awarded on the basis of academic achievement, need, skill, special population, or a combination of each. Scholarships are designed to encourage and assist students in pursuing academic excellence, skills, and leadership roles. The link will take the Veteran to the U.S. Department of Veterans Affairs. Information on different benefits and pay amounts can be found using the link.

ENROLLMENT STATUS – The amount of financial aid a student receives is based on his or her enrollment status and awards will be adjusted accordingly. Enrollment status will be determined according to the following: Full-time – 12 semester hours or more; Three quarter-time – 9-11 semester hours; Half-time – 6-8 semester hours; Less than half-time- 1-5 semester hours. There is a 30 semester hour limit for remedial coursework for any individual student. Remedial hours attempted beyond the 30 hour limit will not be included in course load for determining enrollment status. Students enrolled solely in remedial courses are not eligible for financial aid. Repeated courses will be included in determining course load. Courses that do not count toward a student’s degree or certificate, with the exception of remedial courses, cannot be included to determine his or her enrollment status. If a student drops, withdraws from or adds a class before the census date, the student’s enrollment status will be adjusted and the student’s grant eligibility recalculated based upon changes in enrollment through that census date. Recalculations will include both increases and decreases in enrollment up to the census date of the student’s last class.

DISBURSEMENT OF AWARDS – All grants, loans and scholarships are electronically credited to a student’s account. Students must apply for a student Plainsmen Debit ID Card where all disbursements, over awards and refunds will be routinely deposited. All documents and eligibility requirements (Satisfactory Academic Progress) must be met prior to students receiving funds.

Students employed through the work-study program are paid bi-weekly. Time sheets must be submitted on the appropriate dates each month in order to receive a paycheck. Students who fail to submit their time sheets by the designated date will not receive payment until the following pay period.

Loan funds will be applied to outstanding costs first and amounts remaining will be applied to the student's Student ID Card. Loan funds are disbursed in two equal disbursement amounts.

REFUNDING OF AWARDS – According to the provisions of the Higher Education Amendments of 1998, if a student withdraws or stops attending classes on or before the 60% point in time of the period of enrollment, calculated using calendar days, a portion of the total of Title IV funds (Pell Grant and SEOG) awarded to a student must be returned. The withdrawal date is the date the student began the withdrawal process, the student's last date of attendance at a documented academically-related activity, or midpoint of the period for a student owing a balance to FPC and/or the Federal Government. Return of Title IV funds are allocated in the following order: Pell Grant, SEOG, TEACH grant, and Plus loans. Further details and examples can be obtained at the Student Financial Services Office.

FINANCIAL AID SATISFACTORY PROGRESS POLICY – Student financial aid programs were created and funded to help students achieve access to higher education and accomplished academic goals. To make maximum use of the limited funds available, each student must maintain satisfactory progress in a course of study leading toward a degree or certificate. The student financial aid policy on satisfactory progress is outlined below:

1. Only students enrolled in credit courses and seeking degrees or certificates requiring at least 24 credit hours will be eligible to receive student financial aid. If a student is required to be enrolled in developmental courses, these courses will be eligible for payment of financial aid. Students may receive financial aid for a maximum of 30 credit hours of developmental courses. Students may not be enrolled in developmental classes only.
2. Students must meet enrollment status requirements as outlined:
 - a. Full-time students must maintain and complete the semester with a minimum of 12 credit hours.
 - b. Three-quarter students must maintain and complete the semester with at least 9 credit hours.
 - c. Half-time students must maintain and complete the semester with a minimum of 6 credit hours.
 - d. Students receiving aid for less than half-time must complete the hours in which the student originally enrolls.
3. Students must successfully complete his/her degree/certificate in the equivalent of 150% of the credit hours required for the certificate or degree plan. Enrollment hours at the beginning of the semester will be used for the calculation. Developmental courses will not be used for the calculation to determine the maximum time for completion.
4. The determination concerning a student's satisfactory progress toward his/her degree must be based on periods of performance when Title IV aid was received and periods of performance when no aid was received. The probation status will be removed after a semester has been completed with at least 6 credit hours and a 2.0 grade point average or above. If the student does not make satisfactory progress, the student may be placed on Financial Aid Suspension. To be removed from Financial Aid Probation, the student must pass the term with a cumulative grade point average of 2.0 and complete 6 credit hours. To be removed from Financial Aid Suspension, the student must pay for and complete 6 credit hours with a 2.0 grade point average. Financial aid will be available to the student the next enrolled term after completing this criteria.
5. Students receiving financial aid must maintain a cumulative 2.0 grade point average and complete 100% of the hours funded to maintain satisfactory academic progress. At the end of each fall and spring academic

semester, the student's cumulative grade point average will be considered and the percentage of work completed toward the recipient's degree will be determined. Consequences of failure to meet financial aid satisfactory progress are listed below:

- a. If the student cumulative grade point average is below 2.0 or a student has not completed the number of hours awarded, a notice will be mailed to the student placing the student on **financial aid probation**. A student on financial aid probation may continue to receive financial aid.
- b. If the student fails to maintain satisfactory progress in a subsequent semester, the student is placed on **financial aid suspension**. A student on financial aid suspension will not receive financial aid, including Federal Stafford Loans.
- c. If the student fails to complete the hours they were funded for in a semester with at least a 2.0 cumulative grade point average, the student will be placed on immediate **financial aid suspension** and the student will not receive financial aid, including Federal Stafford loans.
- d. If a student takes an incomplete on a course, the "I" will be treated as an "F" for that course for financial aid satisfactory progress purposes. When the student completes the course, the student will be responsible for submitting a changed grade transcript to the Student Financial Services Office. Probation/Suspension will be adjusted on the grade received for the course. At the end of each academic year (Fall and Spring semesters), the student's grade point average will be considered and the percentage of work completed toward the recipient's degree will be determined.
- e. Exceptions to the above policy of satisfactory progress may be made by the Director of Student Financial Services. Criteria that will influence the decision will include:
 - i. Class attendance, completion of assignments and substantiated academic progress in courses supported by awards in progress towards your degree plan.
 - ii. Completion of a subsequent semester of at least half-time enrollment with a 2.0 or above grade point average. Courses cannot be classified as developmental and must be credit hour courses that apply to the student's degree or certificate.
 - iii. Unusual circumstances (extended medical confinement or a death in the family).
 - iv. Response to Office of Student Financial Services contacts.
- f. The student has the right to appeal any decision made on his/her right to receive Title IV aid. The student who does not meet the criteria for continuance of Title IV aid but can demonstrate mitigating circumstances has the right to appeal.
- g. Students may appeal the decision of the Director of Student Financial Services through the Financial Aid Appeals process. The appeal should be submitted in writing to the Director of Student Financial Services. Include the circumstances that prohibited you from completing the minimum academic standards. Provide any additional documentation you have, such as doctor notes. Students placed on Financial Aid Suspension due to lack of satisfactory progress may appeal the denial of financial aid due to an unusual or extraordinary situation that affected the student's progressions toward the successful completion of his or her program. Examples of unusual circumstances include: injury or illness of the student or family member; death of a relative of the student; maximum time limit exceeded; or other special circumstances. The appeal must be submitted in writing to the Director of Student Financial Services and should include an explanation of the reason(s) why these minimum academic standards were not achieved. Students who are appealing the maximum time frame limit must provide a copy of their degree plan that has been signed by their academic advisor. The Director of Student Financial Services shall also have the authority to place conditions upon the

receipt of any financial aid for those cases where aid is reinstated. The Director of SFS will notify students in writing of the results within 10 business days after receipt.
