## Institutional Obligations for Public Disclosure

A candidate or accredited SACSCOC institution is obligated to provide to its students, constituents, and the public information about itself that is complete, accurate, timely, accessible, clear and sufficient. Information provided to the public includes:

The institution publishes statements of its goals for student achievement and the success of students in achieving those goals. Information on student success may include reliable information in retention, graduation, course completion, licensure examinations, and job placement rates and other measures of student success appropriate to institutional mission.

## Student Success Goals 2018:

1. Student success will be reflected in total number of underprepared students participating in a corequisite course with a college-level course that satisfies TSI requirements in math, reading, or writing. Because the model will be new during the academic year, no comparative data are available. The goal is that $50 \%$ of all students enrolled in developmental coursework will be enrolled in a co-requisite course.
2. Student success will be reflected in developmental education by an increase of $5 \%$ in 2018 ( $\mathbf{N}=$ tbd) from the total of 2014 (MATH = 42.7\%; READING = 65\%; WRITING 65.3\%) of the number of students who complete a college-level course in an area in which they were underprepared within two years of initial enrollment in college.
3. Student success will be reflected in a $5 \%$ ( $67.3 \%$ one-year persistence; $46.3 \%$ two-year persistence) increase in the persistence rates of first-time undergraduates, after one and two years. The data will be compared between 2018 and 2015 (62.3\%, one-year persistence; 41.3\% two-year persistence).
4. Student success will be reflected in graduation rates after three years by an increase of $5 \%$ in 2018 (30.9\%) from 2015 ( $\mathbf{2 5 . 9 \%}$ ) among first-time, full-time entering degree-seeking students enrolled in a minimum of 12 SCH their first fall semester who graduated from the same institution or another Texas public or independent institution.
5. Student success will be reflected by an increase in the number of students transferring to a senior institution in 2018 (Goal N=65) compared to 2015 ( $\mathrm{N}=60$ ).
6. Student success will be reflected through an increase of $5 \%$ in completion of gateway courses (college algebra, biology, government, and history) with a C or higher for students during initial enrollment of the course in comparison to the 2016 completion rates.

## Student Success Goals 2017:

1. Student success will be reflected in Total Number of Awards by an increase of $5 \%$ in 2016 ( $\mathbf{N}=$ tbd) from the total of $2012(\mathrm{~N}=135)$. The percentage will be determined based on credential-seeking students.

- The total number of awards increased by $27.42 \%$ in 2016 ( $\mathrm{N}=186$ ) from 2012 ( $\mathrm{N}=135$ ). The goal was exceeded.

2. Student success will be reflected in developmental education by an increase of $5 \%$ in $\mathbf{2 0 1 4}$ ( $\mathbf{N}=\mathrm{tbd}$ ) from the total of 2012 (MATH 34.62\%; READING 54.83\%; WRITING 42\%) of the number of students who complete a college-level course in an area in which they were underprepared within two years of initial enrollment in college.

- The percentage for MATH increased by $8.07 \%$
- The percentage for READING increased by $\mathbf{1 0 . 1 7 \%}$
- The percentage for WRITING increased by $23.30 \%$

The goal was exceeded in all areas.
3. Student success will be reflected in graduation and persistence rates after three years by an increase of 5\% in 2016 (tbd) from 2011 (45.9\%).

- The percentage from 2011 to 2016 decreased by $8.94 \%$. The goal was not met.

4. Student success will be reflected by an above-average six-year graduation rate of first- time entering undergraduates (full and part time). Data from 2015 will include the 2009 cohort of students, and data from 2016 will include the 2010 cohort. The state average for $\mathbf{2 0 0 9}$ cohort is $\mathbf{6 3 . 4 \%}$ for full-time and 69.9\% for part time.

- The percentage of graduates for 2015 was $\mathbf{3 0 . 1 \%}$ (FPC) compared to $\mathbf{4 2 . 2 \%}$ (State average). This goal was not met.

5. Student success will be reflected by an increase in the number of students transferring to a senior institution in 2016 (Cohort $\mathbf{N = 5 6 )}$ compared to 2014 (Cohort $\mathbf{N = 7 2 ) . ~}$

- While the goal was not met with a decrease of $\mathbf{2 2 . 2 3 \%}$, the number of students transferring has decreased in part due to the number of dual-credit students who are not included in the cohort. The goal may not be realistic at this point in the college's operations.

## Student Success Goals 2016:

1. Student success will be reflected in Total Number of Awards by an increase of $5 \%$ in 2015 ( $N=$ tbd) from the total of $2011(\mathrm{~N}=137)$. The percentage will be determined based on credential-seeking students.

- The total number of awards increased by 37.69\% in 2015 (190) from 2011 (138)

2. Student success will be reflected in developmental education by an increase of $5 \%$ in 2014 ( $\mathbf{N}=$ tbd) from the total of 2010 (MATH $\mathbf{N}=18$; READING $\mathbf{N}=36$; WRITING $\mathbf{N}=54$ ) of the number of students who complete a college-level course in an area in which they were underprepared within two years of initial enrollment in college.

- Data is not yet available; however, the increase from cohort 2010 to cohort 2011 was 2.2\% for math; $+0.5 \%$ for reading; and $+5.0 \%$ writing.

3. Student success will be reflected in graduation and persistence rates by an increase of 5\% in 2015 (tbd) from 2012 (33.0\%)

- The graduation and persistence rates increased from 33.0\% in 2012 to 36.6\% in 2015 (3.6\% increase)

4. Student success will be reflected by an above-average six-year graduation rate of first- time entering undergraduates (full and part time). Data from 2013 will include the 2007 cohort of students, and data from 2015 will include the 2009 cohort. The state average is957.1\% for full-time and $\mathbf{6 5 . 9 \%}$ for part time.

- The college persistence rate for the 2007 cohort was 64.3\%, compared to 57.1\% state average for full-time students and $\mathbf{7 2 . 1 \%}$, compared to $65.9 \%$ for part-time students. The college persistence rate for the 2009 cohort was $63.4 \%$, compared to $58 \%$ state average for full-time students and 83.0\%, compared to $69.9 \%$ state average for part-time students.
- The college's persistence rate between 2007 (64.3\%) and 2009 (63.4\%) cohorts for full-time students decreased by $0.9 \%$ and between 2007 ( $72.1 \%$ ) and 2009 ( $83.0 \%$ ), the persistence rate for part-time students increased by 10.9\%.

5. Student success will be reflected by an increase in the number of students transferring to a senior institution in 2015 (Cohort $\mathbf{N}=288$ ) compared to 2013 (Cohort $\mathbf{N}=268$ ).

- The number of students transferring to a senior institution in 2015 was 60 compared to 54 in 2013, an increase of 11.05\%. The percentage of non-transfer completers increased from remained the same (14.6\%) from 2013 to 2015, representing no increasing in students who completed a community-college credential without transfer.

Student Success Goals 2014-2015:

1. Student success will be reflected in Total Number of Awards by an increase of $5 \%$ in 2014 ( $\mathbf{N}=$ 161) from the total of $2010(\mathrm{~N}=138)$. The percentage will be determined based on credentialseeking students.

- The total number of awards increased by 8.57\% in 2014 from 2010 (138)

2. Student success will be reflected in developmental education by an increase of $5 \%$ in 2014 ( $\mathbf{N}=$ tbd) from the total of 2010 (MATH $\mathbf{N = 1 8}$; READING $\mathbf{N}=36$; WRITING $\mathbf{N}=$ 54) of the number of students who complete a college-level course in an area in which they were underprepared within two years of initial enrollment in college.

- Data is not yet available; however, the increase from cohort 2010 to cohort 2011 was $2.2 \%$ for math; $+0.5 \%$ for reading; and $+5.0 \%$ writing.

3. Student success will be reflected in graduation and persistence rates by an increase of 5\% in 2014 (tbd) from 2011 (45.9\%)

- The graduation and persistence rates decreased from 45.9\% in 2011 to 42.3\% in 2014

4. Student success will be reflected by an above-average six-year graduation rate of first- time entering undergraduates (full and part time). Data from 2013 will include the 2007 cohort of students, and data from 2014 will include the 2008 cohort. The state average is $\mathbf{5 7 . 1 \%}$ for full-time and $65.9 \%$ for part time.

- The college persistence rate for the 2007 cohort was $64.3 \%$, compared to $57.1 \%$ state average for full-time students and $72.1 \%$, compared to $65.9 \%$ for part-time students.

5. Student success will be reflected by an increase in the number of students transferring to a senior institution in 2014 (Cohort $\mathbf{N}=293$ ) compared to 2012 (Cohort $\mathbf{N}=329$ ).

- The number of students transferring to a senior institution in 2014 was 72 compared to 58 in $\mathbf{2 0 1 2}$, an increase of $\mathbf{2 4 . 1 5 \%}$. The percentage of non-transfer completers increased from $12.8 \%$ in 2012 to $18.8 \%$ in 2014, representing an increasing in students who completed a community-college credential without transfer.

## General Success Measures

## Total Number of Awards Granted

Data Source: Institutional

| Year | Associate <br> Degrees | Technical <br> Degrees | Certificates | Licensed <br> Vocational <br> Nurse <br> Certificates | Total | Total \% of <br> Credential- <br> Seeking <br> Students |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| $\mathbf{2 0 1 0}$ | 57 | 10 | 53 | 18 | 138 | $14.76 \%$ |
| $\mathbf{2 0 1 1}$ | 70 | 1 | 41 | 25 | 137 | $14.79 \%$ |
| $\mathbf{2 0 1 2}$ | 51 | 5 | 45 | 34 | 135 | $19.18 \%$ |
| $\mathbf{2 0 1 3}$ | 47 | 8 | 46 | 30 | 131 | $20.8 \%$ |
| $\mathbf{2 0 1 4}$ | 46 | 11 | 85 | 19 | 161 | $27.9 \%$ |
| $\mathbf{2 0 1 5}$ | 56 | 11 | 100 | 23 | 190 | $29.5 \%$ |
| $\mathbf{2 0 1 6}$ | 71 | 10 | 80 | 25 | 186 | $25.94 \%$ |
| $\mathbf{2 0 1 7}$ | 82 | 10 | 89 | 13 | 194 | $28.03 \%$ |
| $\mathbf{2 0 1 8}$ | TBD | TBD | TBD | TBD | TBD | TBD |

## Course Completion Rates Measured in Credit Hours Earned

Data Source: Institutional

| Year | First Semester of Enrollment | Ending Semester of Enrollment | Percentage of Hours <br> Completed |
| :--- | :--- | :--- | :--- |
| $\mathbf{2 0 0 9}$ | 11,506 | 10,286 | $89.39 \%$ |
| $\mathbf{2 0 1 0}$ | 11,733 | 10,133 | $86.36 \%$ |
| $\mathbf{2 0 1 2}$ | 11,346 | 10,179 | $89.71 \%$ |
| $\mathbf{2 0 1 3}$ | 10,806 | 9,649 | $89.29 \%$ |
| $\mathbf{2 0 1 4}$ | 12,480 | 10,696 | $85.7 \%$ |
| $\mathbf{2 0 1 5}$ | 13,351 | 11,340 | $84.93 \%$ |
| $\mathbf{2 0 1 6}$ | 14,250 | 12,064 | $84.65 \%$ |
| $\mathbf{2 0 1 7}$ | 13,553 | 11,609 | $85.65 \%$ |

Table 4.8e

## Working or Enrolled within One Year after Completion of an Award (Table 5.1)

Data Source: THECB Accountability System
Data Element: Number of students who were tracked one year after completion of an award, FY 2013-2016

| Year | Working <br> Only | Enrolled <br> Only | Working <br> and Enrolled | Not Found | Total |
| :--- | :--- | :--- | :--- | :--- | :--- |
| 2013 | $\mathrm{N}=49$ <br> $36.3 \%$ | $\mathrm{N}=27$ <br> $20 \%$ | $\mathrm{N}=32$ <br> 23.7 | $\mathrm{N}=27$ <br> $20 \%$ | 135 <br> $100 \%$ |
| $\mathbf{2 0 1 4}$ | $\mathrm{~N}=65$ | $\mathrm{~N}=26$ | $\mathrm{~N}=30$ | $\mathrm{~N}=15$ | 13 |
|  | $49.6 \%$ | $19.8 \%$ | $19.2 \%$ | $11.5 \%$ | $100 \%$ |
| $\mathbf{2 0 1 5}$ | $\mathrm{~N}=72$ | $\mathrm{~N}=30$ | $\mathrm{~N}=43$ | $\mathrm{~N}=11$ | 156 |
|  | $46.2 \%$ | $19.2 \%$ | $27.6 \%$ | $7.1 \%$ | $100 \%$ |
| $\mathbf{2 0 1 6}$ | TBD | TBD | TBD | TBD | TBD |
