

RICHARD MERCER

I am currently a hands-on Welding Technology Instructor with 10+ years in the Welding Industry. A professional and dedicated employee willing to work hard. Reliable and a team player.

EXPERIENCE

2013 – CURRENT

WELDING TECHNOLOGY INSTRUCTOR, FRANK PHILLIPS COLLEGE, BORGER TX

Assist in the instruction of students in learning of all welding processes and procedures including MIG, TIG, Stick, Soldering, Oxy-Acetylene, cutting torch, and plasma cutter. Instructing students in proper safety procedures and use of PPE. Responsible for welding shop maintenance including equipment maintenance and repairs, general shop maintenance such as cleaning, changing filters, and maintaining a functional shop.

2012 – 2013

SELF EMPLOYED, SANFORD TX

Farm and Ranch

2010 – 2012

WELDING STUDENT/GRADUATE, FRANK PHILLIPS COLLEGE, BORGER, TX

Completed pursuit of Welding Specialist Certification. Received credentials. Experience with MIG, TIG, Stick, Soldering, Brazing, horizontal welds, vertical welds, over-head welds, open-root plate welds, pipe welding, Oxy-Acetylene, cutting torch, plasma cutter, and blue-print reading.

2009 – 2010

STRUCTURAL WELDER, KBR CONSTRUCTION, BORGER TX

Welding of structural I beam, H beam, cross member, pipe stops, pipe guides, horizontal, vertical, and over-head positions, grinding, removal of slag from welds, running of clamps and cables to position for use in welding, blue print reading. Observation and practice of all necessary safety protocol. Proper safety attire, clothing, PPE, glasses, and hardhat.

2007 – 2009

STRUCTURAL WELDER, JV INDUSTRIAL, BORGER TX

Welding of structural I beam, H beam, cross member, pipe stops, pipe guides, horizontal, vertical, and over-head positions, grinding, removal of slag from welds, running of clamps and cables to position for use in welding, blue print reading. Observation and practice of all necessary safety protocol. Proper safety attire, clothing, PPE, glasses, and hardhat.

2005 – 2007

STRUCTURAL WELDER, BECHTOL CONSTRUCTION, BORGER TX

Welding of structural I beam, H beam, cross member, pipe stops, pipe guides, horizontal, vertical, and over-head positions, grinding, removal of slag from welds, running of clamps and cables to position for use in welding, blue print reading. Observation and practice of all necessary safety protocol. Proper safety attire, clothing, PPE, glasses, and hardhat.

2003-2005

WELDER, TRI-STATE CONSTRUCTION CO, BORGER TX

Welding of structural I beam, H beam, cross member, pipe stops, pipe guides, horizontal, vertical, and over-head positions, grinding, removal of slag from welds, running of clamps and cables to position for use in welding, blue print reading. Observation and practice of all necessary safety protocol. Proper safety attire, clothing, PPE, glasses, and hardhat.

2000-2003

WELDERS HELPER, CONNER INDUSTRIES, BORGER, TX

Grinding, removal of slag from welds, running of clamps and cables to position from use in welding, blue print reading, observation and practice of all necessary safety procedures. Proper safety attire, clothing, PPE, glasses, and hardhat.

EDUCATION

2010-2012

CERTIFICATE IN WELDING TECHNOLOGIES, FRANK PHILLIPS COLLEGE, BORGER, TX

1985-1987

HIGH SCHOOL DIPLOMA, BORGER HIGH SCHOOL, BORGER, TX

QUALIFICATIONS

- Stick (SMAW)
- MIG (GMAW)
- Oxy-Acetylene Welding and Brazing
