

Advisory Council minutes from Wednesday, October 30, 2019

Present: Cassie Laxton, Judge Kelley, Amber Jones, Shae Cunningham, Barry Willis, Miguel, Ronnie Watson, and Rene' Schwalk

Next Meeting will be on January 29, 2020

Mentor Program-Noah Cano is in charge of matching students with the community leaders. There are 20 students participating.

Fall numbers- Dual credit was down. We have added students from the Top of Texas, and we currently have 142 students on the FPC campus.

Career and Technical side-FPC Allen Campus was the only campus to make their CE hours.

New Business

Discussed the HDJT Grant.

Welding opportunities-By turning the green house into a welding lab. Discussed options and opportunities for homeschool and private schools to become involved in that program as well.

Exploring cosmetology-Kent quick building. Concerns were to get rid of the fuel tanks and that they may have to be dug out for safety purposes. One option is to lease the building. One idea was to have dual credit classes available for cosmetology and maybe a barber school.

Exploring CDL program starting next academic year. Hoping to get CDL on all three campuses.

Replaced to AC units in August/September.
