

Dr. Forgey joined the advisory meeting via zoom.

Old Business: Updated Advisory Council membership list and future dates for meetings.

Cosmetology is going well. Eighteen students are currently enrolled. They are taking appointments from the public.

Dual Credit Cosmetology students will be able to start in the fall. We are able to take up to five students from the Perryton High School.

Rene' Schwalk will be helping Noah Cano with the FYIS. She will be teaching a class this summer and will help with advising students to help with the workload.

Miguel requested that the board members honor Menta Wilson. A scholarship will be looked at to see what needs to be done to set one up for her. A fundraiser option was mentioned by Amber Jones to kick off the start of the contributions toward the scholarship. Specifics still need to be looked at in deciding which students would qualify to receive this scholarship.

Kerry Symons spoke on diesel mechanic for FPC. He mentioned that David Landis and Mr. Morales has spoken with the CDC to help with funds for diesel mechanic to bring people from other communities to Perryton. Western equipment made it known that we need this. A welding program, electrical program and a plumbing program would be great assets to the college as well.

Dr. Forgey mentioned that John Deere donated equipment to Garden City. Maybe they would be interested in doing the same for us.

Kerry Symons mentioned that CDL training, IT training, QuickBooks training, google docs training, Diesel mechanics, welding are some of the classes that would be beneficial for the college to take interest in teaching.

Miguel mentioned he has a building that the college could look at to lease. Arrangements will be made to look at this property.
