# Historic Canadian Texas

A stroll across the **Canadian River Historic Wagon Bridge** will be a lovely way to start your adventure. This steel structure was built in 1915 by the Canton Bridge Company of Ohio. Completed in 1916, it stretched 2,635 feet. In 1924 an addition was needed to span a new flood channel on the north side. The bridge then became the longest steel structure west of the Mississippi at 3,255 feet. Today the planked bridge, spanning river and wetlands area, is a favorite for those walking, bicycling, jogging, bird watching and nature viewing.

**CANADIAN'S CULTURAL DISTRICT** is home to thirty four historically significant buildings, residences, and churches which visitors may enjoy on self guided tours.

One example is the **Palace Theatre**, built in 1909 as a vaudeville theatre now completely

restored in the Art Deco style.

Completed in 1910, the three story brick **Moody Hotel on Main** was the first fireproof hotel in the Panhandle. The lobby features the original staircase, photos, and period pieces.

**WCTU Building** which houses our County Library was the only building in the US ever built, owned, or maintained by a local chapter of the Women's Christian Temperance Union. **Canadian's First Church Bell** was purchased in 1890 with funds raised from churchgoers from several different denominations. The bell can be heard today at the Presbyterian Church.

**MAPS WITH DIRECTIONS TO ALL HISTORIC SITES AVAILABLE AT CANADIAN'S VISITOR CENTER  
119 N. 2ND STREET**

# Breakaway Roping Huge Event

College Rodeo has seen phenomenal growth in the last 2 years. Much of this has been fueled by the PRCA adding another event to the professional rodeo circuit. Women's Break Away Roping was introduced to the PRCA Finals just last year. Over 200 college rodeo team women, chasing their chance to make history and break into the PRCA, are expected to compete in Break Away Roping at Frank Phillips College NIRA Rodeo in Canadian, October 7, 8 and 9.

Thrills, spills and chills are guaranteed with at least 40 Bull, Bareback and Saddle Bronc riders in each night's 6:30 Performance. Don't miss a minute!
