Independent Auditor's Report

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component unit of Borger Junior College District (the College) as of and for the years ended August 31, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component unit of the College as of August 31, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, in 2022, the College adopted new accounting guidance, GASB No. 87, Leases. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond that financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

This page left blank intentionally.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit finding, and certain internal control related matter that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the College's Proportionate Share of the Net Pension Liability, and the Schedule of the College's Contributions to the Pension Plan, Schedule of the College's Proportionate Share of the Net OPEB Liability, Schedule of College's Contributions to the OPEB Plan and Notes to Required Supplemental Information on pages 10-19 and pages 66-70 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational,

economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the College and its discretely presented component unit. The accompanying supplemental information listed in the table of contents, Schedules A, B, C and D, is likewise presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, Schedule E, and Schedule of Expenditures of State of Texas Awards, Schedule F, Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State of Texas Uniform Grants Management Standards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards, the Schedule of Expenditures of State of Texas Awards, and the Other Supplemental Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards, the Schedule of Expenditures of State of Texas Awards, and the Other Supplemental Information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2022, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over the financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**BORGER JUNIOR COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ending August 31, 2022**

Financial and Enrollment Highlights

- The institution's net position at year-end was \$486,420, a decrease of 933,213 or 65% for the year. This decrease was primarily due an increase in notes payable of \$300,000 and a decrease in capital assets of \$429,066 primarily due to depreciation.
- Contact hours enrollment was down 4.6% overall with a decrease of academic contact hours of 14,386 contact hours (3.65%) and career and technical contact hours down 15,926 (5.97%). Much of the decrease in career and technical hours had to do with continuing education.

Statements of Net Position

The Statements of Net Position include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. Net position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources.

Statements of Net Position (Continued)

Cash and cash equivalents consist of cash in the local financial institution's accounts and TexPool. Unrestricted cash and cash equivalents decreased by \$124,607 or 12%.

Accounts receivable consists primarily of student receivables related to tuition and fees for the fall 2022 semester. Accounts receivable increased by \$108,794 or 5.51%, increasing the balance to \$2,083,520.

Other current assets decreased by \$36,365 reflecting a balance of \$57,708.

Noncurrent Assets

Total capital assets consist of land, library books, construction in progress, buildings, land improvements, and equipment and totals approximately \$28.8 million at year-end. Accumulated depreciation totals approximately \$16.2 million, resulting in net capital assets of approximately \$12.6 million. This reflects a decrease of \$429,066 in net capital assets. Capital assets are detailed in Note 6 of the notes to the financial statements. At year-end, asset additions totaled \$512,039, and depreciation expense was \$941,105. The asset additions for this year include the grant purchases of the training plant simulator as well as upgrades and additions to our remote learning classrooms.

Current Liabilities

Accounts payable and accrued liabilities represent amounts due at year-end for goods and services received prior to year-end, but for which cash has not been expended. At year-end the balance of accounts payable was \$341,128, a decrease of \$24,990 over the 2021 balance. Accrued compensated absences decreased 100% to a total of \$0. Funds held for others decreased \$147,996 (24.5%), bringing the balance to \$455,581.

Unearned revenues represent payments recorded primarily for tuition and fees and food service from students for the upcoming fall 2022 semester. Unearned revenues of \$2,986,734, increased \$912,222 over last year's ending balance of \$2,074,512.

Notes and bonds payable (current portion) represent the College's long-term debt which is payable within the next fiscal year. The current portion of debt, \$300,000, increased \$300,000 from the prior year.

Fiscal Year Ending August 31, 2022**

Noncurrent Liabilities

Notes and bonds payable along with net pension liability and net OPEB liability (detailed in Note 2, 9, 10, and 21 of Notes to Financial Statements) represent the College's long-term liabilities which are payable more than twelve months from year-end. The net pension liability of \$1,204,270, reflects a decrease of \$1,351,191 (see Note 10 – Employees' Retirement Plans). The net OPEB liability is \$8,960,152 for year-end 2022, which is an increase of \$405,882 (see Note 21 – Defined Other Postemployment Benefit Plan).

Net Position

Net position represents the difference between the College's assets and deferred outflows of resources and liabilities and deferred inflows of resources. Total net position at August 31, 2022, was approximately \$490,000. Compared to the prior year, net position decreased approximately \$930,000 for the current year.

Restricted expendable net position consists of \$711,175 set aside for student aid. These balances have specific restrictions placed on them by parties external to the College, such as donors and grant agencies.

Unrestricted net position represents those balances from operational activities that have not been restricted by parties external to the College. Unrestricted net position totals (\$12,599,927) which was a decrease of \$356,178.

Operating Revenues (Continued)

Gross tuition and fees are netted against discounts and scholarship allowances. Fiscal year (FY) 2022 discounts consist of federal grants to students of \$1,748,405, scholarship allowances of \$435,731, – all totaled \$2,184,146 in discounts and allowances. In FY 2021, discounts consist of federal grants to students of \$1,964,955; and scholarship allowances of \$376,882, – all totaled \$2,341,837 in discounts and allowances.

Grants and contracts totaled \$3,508,503, for the year. This includes all restricted revenues made available by government agencies. Grant revenues are recorded only to the extent the funds have been expended for the designated purpose. Total grants and contracts decreased \$287,283 or 7.6% over the previous year balance of \$3,795,786. The largest portion of this decrease was due to the Higher Education Relief Funds awarded for COVID relief last year.

Auxiliary enterprises consist of various enterprise entities that provide goods or services to students, faculty, staff or the general public and charge a fee directly related to the cost of those goods or services. Auxiliary revenue was \$690,424 (net of discounts) for the year, an increase of \$45,858 from the prior year balance of \$644,566. The Borger Community Activity Center and the residential life are the primary auxiliary components, which generated \$449,375 and \$241,049 in revenue, respectively, in the current year.

The chart below depicts the various components of operating revenue as a percentage of total revenues.

Total by natural classification	\$ 15,681,718	100%	\$ 14,199,182	100%	\$ 13,839,259	100%

Salaries and wages, along with benefits, clearly represent the largest operating expense, accounting for 34% of the total expenses. Total dollar expenses for salaries and wages, increased \$9,154 (0.2 %) over last year, and, as a percentage of total expenses, salaries and wages, was at 45% of total expenditures.

State and local benefits totaled \$1,723,388 for the year, decreasing \$789,015 (31%) from the previous year total of \$2,512,403. The benefit plans (health insurance, retirement, etc.) are determined by the state and are an uncontrollable expense for the College.

Nonoperating Revenues (Expenses)

State appropriations of \$3,237,877 indicates an increase in revenue of \$167,356 or 5.5% from the previous year balance of \$3,070,521.

Ad valorem taxes of \$2,466,824 were up in 2022 by 4.3% or \$101,177 from the prior year balance of \$2,365,647. The tax rate is capped at \$0.22 per \$1,000 of valuation.

Federal revenue, nonoperating of \$2,072,761 decreased \$338,269 or 14% from the previous year total of \$2,411,030. Federal revenue, nonoperating consists of all Title IV financial aid funds.

Current year gifts of \$429,533, generally considered one-time in nature, increased from the 2021 level by \$69,419 or 19%. This was reflective of the volatility of large, nonrecurring donations and the year-to-year fluctuations that can exist. Investment income, net of investment expenses was \$2,275.

Statements of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the year. This statement also helps users assess the College's ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing.

	Primary Institution		
	2022	2021	2020
		(restated)	
Cash provided (used) from:			
Operating activities	\$ (7,912,730)	\$ (6,733,991)	\$ (7,283,021)
Noncapital financing activities	8,229,046	8,288,542	8,478,911
Capital and related financing activities	(225,295)	(1,880,638)	(711,469)
Investing activities	2,275	1,480	6,931
Increase (decrease) in cash	93,296	(324,607)	491,352
Cash (restricted and unrestricted) – beginning of year	930,090	1,254,697	763,345
Cash (restricted and unrestricted) – end of year	<u>\$ 1,023,386</u>	<u>\$ 930,090</u>	<u>\$ 1,254,697</u>

The primary cash receipts from operating activities consist of tuition, fees, and grant revenues. Cash outlays include payment of wages, benefits, supplies, utilities, and scholarships. Federal funds received for student programs continue to be a significant cash source for operating activities.

State appropriations and ad valorem tax revenues are the primary sources of noncapital financing. Other noncapital financing activity includes gifts and endowments. Although the local tax rate is capped at its current level as a result of Board action in 1965, the College is the benefactor of increased values through the expansion of industry. Gifts from private donations continue to be an important revenue source.

The main financing activities include the purchase of capital assets primarily related to facilities, equipment, and technology enhancements. The reinvesting in the infrastructure of the College continues to be emphasized.

Cash and equivalents (restricted and unrestricted) balance of \$1,023,386 for FY 2022, increased \$93,296. The balance was comprised of unrestricted cash and cash equivalents.

Component Unit

The Frank Phillips College Development Corporation, considered a component unit, continues to play a vital role in providing scholarships to students attending Frank Phillips College. In 2022, the Development Corporation's scholarships and fellowships to the College was \$117,204 as compared to \$46,034 in FY 2021. Investment income, net of expenses was \$(304,435), which showed a decrease of \$763,380 for the year as compared to \$494,214 in 2021. Overall, the Development Corporation's net position of \$2,251,796 decreased \$304,435 from the previous year-end total net position.

Factors That Will Affect the Future for Frank Phillips College

Frank Phillips College continues to see improvement in many areas. The college completed implementation of all modules of a new student information and enterprise resource planning system. Integration of all data from the old system continues and is expected to be fully integrated in 2023.

The Texas Commission on Community College Finance (TxCCCCF) finalized several recommendations to the legislature, which, if enacted, would have significant positive impacts on the college. Some of the recommendations include:

- Develop a modern community college finance model that distributes the majority of state funding based on measurable outcomes aligned with regional and state workforce needs and state goals for Building a Talent Strong Texas.
- Ensure community colleges across Texas can access foundational levels of funding for instruction and operations through a state-funded guaranteed yield for colleges with low taxable valuations.
- Ensure transition to the new funding model does not negatively impact students or community colleges. In particular, the Commission recommends that in initial implementation of a new model, hold harmless funds should be made available to facilitate transition to a dynamic, primarily outcomes-based funding formula.
- Provide one-time seed grants for programs in high-demand fields to support community colleges in rapidly standing up or expanding programs to meet regional and state workforce needs.
- Support and facilitate shared services and stronger inter-institutional partnerships.

The full report from the TxCCCCF can be found on the Texas Higher Education Coordinating Board (THECB) website. The unofficial request to fund the new funding model and other recommendations is approximately \$650 million.

The THECB has recommended an increase of state appropriations to the amount of \$152 million to Texas community colleges. The THECB recommendation is separate from the TxCCCCF recommendations. The college share of the \$152 million THECB recommendation would be approximately \$670,000 per year, if appropriated.

The college implemented the certified driver's license (CDL) program at the Dalhart campus during FY21-22. The CDL program has been implemented at the Perryton campus in FY22-23 and is scheduled to be implemented at the Borger campus in the Spring of 2023. The college also implemented an embryo transfer specialist program during FY21-22 with full implementation scheduled for FY22-23. Additional opportunities for future enrollment growth include but are not limited to: industrial equipment operator specialist, culinary arts, computer science/technology

programs, and a partnership with the Texas Department of Criminal Justice to offer programs at the Dalhart prison unit. All these events will have a strong positive impact on the college, both operationally and financially.

More specifically, in our effort to increase capacity, the Allen campus in Perryton entered into a lease in perpetuity with the economic development corporation to further expand workforce programs such as welding, CDL, diesel mechanics, etc. in the area. The Rural Nursing Education Consortium continues to grow. The 2022-23 college goals adopted by the Board of Regents reflect the focus of the college to maintain enrollment as well as growing online and CTE programs. Fall 2022 enrollment showed a 5.4% increase.

The college has successfully partnered with Borger High School to implement the Boomtown Scholarship Program and the Pathways Scholarship with Perryton High School. These two scholarship programs will cover the 60 hours of tuition and fees toward seeking an associate's degree. The college has also partnered with Dalhart High School to implement the Rahl Endowed Scholarship for the Future of Dalhart Fund which will provide similar scholarship opportunities. These programs have had a positive impact on helping to increase enrollment numbers.

Federal economic policy is always a concern and could negatively affect the college. As a result of inflationary pressures, the college has had to increase tuition and fee rates. Fortunately, federal funds and philanthropic efforts have continued to provide funding to assist students and to alleviate and detrimental enrollment effects resulting from the tuition and fee increases.

**BORGER JUNIOR COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
August 31, 2022 and 2021**

NOTE 1 - REPORTING ENTITY

Borger Junior College District (Frank Phillips College or the College) was established in 1948, in accordance with the laws of the State of Texas, to serve the educational needs of Borger, Texas, and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in Government Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The Frank Phillips College Development Corporation (the Foundation) is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The College does not appoint a voting majority nor does it fund or is it obligated to pay debt related to the Foundation. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds and invests, is restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements. During the years ended August 31, 2022 and 2021, the Foundation distributed approximately \$117,200 and \$46,000 to the College for restricted purposes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This amount set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds

Certain Title IV Higher Education Act (HEA) Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Title IV, Higher Education Act Program Funds (Continued)

When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB. As of August 31, 2022, the College reported a deferred inflow of \$1,807,096 and \$2,230,516 related to the net pension liability and net OPEB liability, respectively. As of August 31, 2021, the College reported a deferred inflow of \$1,009,798 and \$3,081,313 related to the net pension liability and net OPEB liability, respectively.

Deferred Outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will

Deferred Outflows (Continued)

not be recognized as an outflow of resources (expense) until then. Governments are only as permitted to report deferred outflows in circumstances specifically authorized by the GASB. As of August 31, 2022, the College reported a deferred outflow of \$758,956 and \$2,201,273, related to the net pension liability and the net OPEB liability, respectively. As of August 31, 2021, the College reported a deferred outflow of \$1,063,203 and \$2,938,903, related to the net pension liability and the net OPEB liability, respectively.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Restricted cash consists of restricted funds from donors.

Investments

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office supplies, food, and pro shop. Inventories are valued at the lower of cost or market using the first-in, first-out (FIFO) method and are charged to expense as consumed.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 and an estimated useful life in excess of one year. Renovations to buildings, infrastructures, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The following lives are used:

Buildings	50 years
Facilities and other improvements	20 years
Library books	15 years
Furniture, machinery, vehicles and other equipment	10 years
Telecommunications and peripheral equipment	5 years

Leases

Effective September 1, 2021, the College implemented GASB No. 87, *Leases*. As the lessee, the College determines whether a contract is, or contains a lease at inception. Lease agreements with a maximum lease term of twelve months or less, including options to extend, are accounted for as a short-term lease. Lease agreements that transfer ownership of the underlying asset to the College at the end of the contract are recorded as a finance purchase with a related lease liability. Lease agreements not classified as a short-term lease, or a finance purchase are accounted for as an intangible right-to-use lease asset. An Intangible right-to-use lease asset represents the College's right-to-use an underlying asset during the lease term and the lease liability represents the College's obligation to make lease payments arising from the lease. Intangible right-to-use lease assets and lease liabilities are recognized at lease commencement based upon the estimate present value of unpaid lease payments over the lease term. The College uses its incremental borrowing rate based on information available at lease commencement in determining the present value of unpaid lease payments. Prior year financial statements were restated with implementation of GASB No. 87. See Note 23.

Unearned Revenues

Tuition, fees, and other revenues received and related to the following fiscal year have been deferred. Tuition and fees of \$2,598,734 and \$2,068,334 have been reported as unearned revenue at August 31, 2022 and 2021, respectively. Grant revenue of \$388,000 and \$6,178 have been reported as unearned revenue at August 31, 2022 and 2021, respectively.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS' fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The fiduciary net position of the Employee Retirement System of Texas (ERS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of information about assets, liabilities and additions to / deductions from ERS's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Nonoperating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major nonoperating revenues are state appropriations, federal Title IV revenue and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operations of the bookstore and food service are not performed by the College. When both restricted and unrestricted resources are available for use, it is the College's practice to use restricted resources first and then unrestricted resources as they are needed.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentations.

NOTE 3 - AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the state of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

NOTE 4 - DEPOSITS AND INVESTMENTS

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The College's investments are registered and held by the College or by its agent in the College's name. The College had approximately \$242,000 of uninsured bank deposits as of August 31, 2022.

Interest Rate Risk: In accordance with state law and College policy, the College does not purchase any investments with maturities greater than 10 years.

Credit Risk: State law limits investments in commercial paper to those rated not less than A-1 or P-1 and no-load money market mutual funds to those rated not less than AAA. As of August 31, 2022 and 2021, the College did not have any investments in commercial paper or no-load money market mutual funds.

Participation in External Investment Pools

As of August 31, 2022 and 2021, the carrying amount of amounts invested in investment pools was \$3,000 and \$3,583, respectively. Investment pools are recorded at cost, which approximated market value. All investment pools are uninsured and are not registered with the Securities and Exchange Commission. Investment pools are not subject to custodial credit risk as they are not evidenced by securities that exist in physical or book entry form.

The College's investment in investment pools is TexPool Participant Services. TexPool Participant Services' regulatory oversight agent is the Texas Treasury Safekeeping Trust Company and their credit risk rating is AAAM. Their financial reports may be obtained by writing Federated Investment Management Company, 1001 Texas Avenue, Suite 1400, Houston, TX 77002.

NOTE 5 - FAIR VALUE MEASUREMENTS

The College adopted Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, as guidance on fair value measurements. The standard established a three-level valuation hierarchy for disclosure based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the valuation.

The three levels are defined as follows:

- Level 1 – Quoted prices for identical assets or liabilities in active markets.
- Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The College uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the College measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The College did not have any assets or liabilities measured at fair value on a recurring or non-recurring basis for years ended August 31, 2022 and 2021.

NOTE 7 - LEASES

Pursuant to GASB No. 87, Leases, the College has recorded an intangible right-to-use lease asset which represents the College's right-to-use an underlying asset during the lease term. The College has obtained educational and food service space, as well as education equipment through right-to-use leased assets. The terms and conditions for these leases varies. All lease agreements are fixed, periodic payments over the lease term, which ranges from 1 to 5 years.

At August 31, 2022, Right-to-use leased assets consisted of the following:

NOTE 9 - BONDS AND NOTES PAYABLE

General information related to note payables is summarized below:

Line of Credit

The College entered into a line of credit on May 5, 2020 in the amount of \$300,000. The line of credit matures on May 5, 2022, with 3.75% interest rate. The College increased the existing line of credit (LOC) from \$300,000 to \$1,000,000 with a term of November 20, 2020 to March 17, 2021, with interest at 3.75%. All unpaid principle was due at maturity. The LOC was secured by all accounts and intangibles of the College. During 2021, the College advanced and repaid \$1,000,000 on the line of credit. In 2022, the line of credit was renewed and extended at \$300,000 with a maturity date of May 5, 2023 at a 4.00% interest rate. The balance outstanding at August 31, 2022 and 2021 was \$300,000 and \$-0-, respectively.

During FY 2021, the Combined Fee Revenue Refunding Bonds, Series 2012 were paid off.

NOTE 10 - EMPLOYEES' RETIREMENT PLANS

Plan Description

The College participates in a cost-sharing, multiple-employer defined benefit pension plan (the Plan) that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code (IRC). The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The Board of Trustees does not have the authority to establish or amend benefits.

NOTES TO FINANCIAL STATEMENTS
August 31, 2022 and 2021

NOTE 10 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Plan Description (Continued)

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.trs.texas.gov/TRS%20Documents/acfr-2021.pdf (select *About TRS*, then *Publications*, then *Financial Reports*) or by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension benefits are established or amended under the authority of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8, Subtitle C.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers, and active employees for the fiscal years 2019 through 2024.

The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, whose formulas use the three highest annual salaries. The normal service retirement is at age 65 with 5 years of service credit or when the sum of the member's age and years of credited service equals 80 or more years.

Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic postemployment benefit changes, including automatic cost of living adjustments (COLAs). Ad hoc postemployment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article XVI, Section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less

than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 thru 2024.

Contribution rates for Plan fiscal years (September to August) 2021 and 2020 follow:

	Contribution Rates	
	<u>Plan Fiscal Year</u>	
	<u>2021</u>	<u>2020</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity	7.5%	7.5%
Employer	7.5%	7.5%

	Contributions	
	<u>Required and Made</u>	
	<u>2021</u>	<u>2020</u>
College (Employer)	\$ 201,802	\$ 199,414
Member (Employee)	352,378	339,677
Non-employer contributing agency (State)	135,248	134,360

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State contributes to the Plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers, including junior colleges, are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.

NOTE 10 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contributions (Continued)

- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, when employing a retiree of the TRS, the employer shall pay both the member contribution and the state contribution as an employment-after-retirement surcharge.

Actuarial Assumptions

The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the total pension liability to August 31, 2021.

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three-year period ending August 31, 2017 and were adopted in July 2018.

The active mortality rates were based on 90 percent of the RP 2014 Employee Mortality Tables for males and females. The post-retirement mortality rates were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables.

The following table discloses the assumptions that were applied to this measurement period.

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial cost method	Individual Entry Age Normal
Asset valuation method	Fair Value
Single Discount rate	7.25%
Long-term expected investment rate of return	7.25%
Municipal bond rate as of August 2020*	1.95%*
Last year ending August 31 in the projection period (100 years)	2120
Inflation	2.30%
Salary increases including inflation	3.05% to 9.05%, including inflation
Ad hoc postemployment benefit changes	None

Actuarial Assumptions (Continued)

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020.

Changes Since the Prior Actuarial Valuation

There were no changes in assumptions since the prior measurement date.

There were no changes on benefit terms since the prior measurement date.

Discount Rate

The single discount rate used to measure the total pension liability was 7.25%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. The long-term expected rate of return on pension plan investments was 7.25%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2021 are summarized below:

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2022, the College reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

	<u>2022</u>	<u>2021</u>
College's proportionate share of the net pension liability	\$ 1,204,270	\$ 2,555,461
State's proportionate share of the net pension liability	<u>807,104</u>	<u>1,744,060</u>
Total	<u><u>\$ 2,011,374</u></u>	<u><u>\$ 4,299,521</u></u>

The net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2020 rolled forward to August 31, 2021. The College's proportion of the net position liability was based on the College's contributions to the pension plan relative to the contributions of all participating entities to the Plan for the period September 1, 2020 through August 31, 2021.

At August 31, 2021, the College's proportion of the collective net pension liability was 0.0047288%, which is a decrease of 0.0000425% from its proportion measured as of August 31, 2020 of 0.0047714%.

For the years ended August 31, 2022 and 2021, the College recognized pension expense of \$3,227 and \$270,672 and revenue of \$3,227 and \$209,772 for support provided by the State in the Statements of Net Position – Primary Institution.

At August 31, 2022, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Optional Retirement Plan – Defined Contribution Plan

Plan Description

Participation in the Optional Retirement Program is in lieu of participation in the TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Optional Retirement Plan – Defined Contribution Plan (Continued)

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas Legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.6%, respectively for 2022 and 2021. The College contributes 1.31% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amounts of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the state for the College was approximately \$3,000, \$210,000, and \$275,000, for the fiscal years ended August 31, 2022, 2021, and 2020, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the College for TRS and the Optional Retirement Program.

The total payroll of employees covered by the Optional Retirement Program was approximately \$109,000, \$432,000, and \$368,000, for fiscal years 2022, 2021, and 2020, respectively.

College-Sponsored Benefit Plans

The College has a defined contribution plan qualified under Section 401(k) of the IRC. Under the provisions of the plan, employees are eligible to participate when they have attained the age of 18 and have been credited with one year of service. Employee deferral contributions are not limited by the plan. The College's contributions are discretionary. The related expense was approximately \$109,000, \$180,000, and \$134,000, for the years ended August 31, 2022, 2021, and 2020, respectively.

The College has a voluntary employee defined contribution 403(b) plan administered by the Plan's trustee. The Plan is funded by employee deferrals of compensation. Plan funds are held in trust and are administered by the College's with oversight by the Board of Regents. Full-time employees and certain part-time employees are eligible to participate and are fully vested at all times. At August 31, 2022, 2021, and 2020, there were 6, 1, and 2, respectively, Plan participants.

NOTE 11 - DEFERRED COMPENSATION PROGRAM

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001.

NOTE 12 - COMPENSATED ABSENCES

Full-time employees earn annual leave from 80 to 120 hours per year depending on the number of years employed by the College. FY 2021 the College's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year. However, accrued leave

**BORGER JUNIOR COLLEGE DISTRICT

NOTE 12 - COMPENSATED ABSENCES (CONTINUED)

time accumulated over the set maximum (0 to 5 years a maximum of 40 hours and over 5 years a maximum of 80 hours) will be forfeited on the employee's anniversary date. Employees with at least six months of service who terminate their employment are entitled to payment for accumulated annual leave up to the set maximum as stated above. During FY 2022, the College revised the policy. Vacation leave shall accumulate from month to month and not carry over to the next year. An employee shall not receive pay for unused vacation leave upon separation of employment.

Compensated absences liabilities are reported as a current liability as the average maturity of such liability is considered to be less than one year. As a result, the College recognized the accrued liability for unpaid annual leave in the amount of \$-0- and \$103,912 at August 31, 2022 and 2021, respectively. Sick leave, which can be accumulated up to 50 days, is earned at the rate of eight hours per month; however, sick leave is not paid at termination. The College's policy is to recognize the cost of sick leave when utilized by employees. The liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

NOTE 13 - COMMITMENTS, CONTINGENCIES AND LAWSUITS

The College participates in various state and federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies. In the opinion of the College's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no other provision has been recorded in the accompanying financial statements for such contingencies. Additionally, the College's students participate in the Federal Direct Loan Program for which the proceeds are used for tuition and education-related costs. Regulations require that default rates pertaining to loans to persons attending the College not exceed certain levels at the College. In the event that specific levels were exceeded, the program could be discontinued at the College; however, the College does not anticipate this occurring. The total amount of Direct Loans made during 2022 and 2021 was \$366,626 and \$459,484, respectively.

At August 31, 2022, there were no lawsuits or claims against the College. The College has retained legal council in relation to a storm-damage coverage claim against Public Educators of Texas. An engineering firm has been engaged to analyze the claim and scope of damages.

On September 13, 2016, the College received a letter from the Texas Higher Education Coordinating Board (THECB) summarizing the findings from their on-site Methods of Administration Civil Rights Compliance Review. The College responded to the THECB on November 11, 2016 and developed a five year plan to address the findings with evidence of completion required by September 30, 2022. The College received an extension and subsequent to year end, the College entered into construction and remodeling commitments of approximately \$192,000 to comply with the findings.

Revenues are recognized on Exhibit 2A and Schedules A and C. For federal and nonfederal contract and grant awards, funds expended, but not collected, are reported as accounts receivable on Exhibit 1A. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

NOTE 17 - HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain healthcare and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was approximately \$625 per month for the year ended August 31, 2022, (\$625 per month for the year ended August 31, 2021) and totaled

NOTE 18 - AD VALOREM TAX (CONTINUED)

Taxes levied for the years ended August 31, 2022 and 2021, were approximately \$2,227,000 and \$2,353,000, respectively, (which included penalty and interest assessed, if applicable). Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Tax collections for the years ended August 31, 2022 and 2021, were 102.13% and 97.65%, respectively, of the current tax levy. Allowance for uncollectible taxes is based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking expenditures.

NOTE 19 - BRANCH CAMPUS MAINTENANCE TAX

A branch campus maintenance tax that is established by election is levied by Ochiltree County. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Collections are transferred to the College to be used for operation of a branch campus in Perryton, Texas. This revenue is reported under local grant contracts. Collections in fiscal years 2022 and 2021 (including penalties and interest) from Ochiltree County totaled approximately \$554,000 and \$557,000, respectively.

A branch campus maintenance tax that is established by election is levied by Dallam and Hartley Counties. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Collections are transferred to the College to be used for operation of a branch campus in Dalhart, Texas. This revenue is reported under local grant contracts. Collections in fiscal years 2022 and 2021 (including penalties and interest) from Dallam and Hartley Counties totaled approximately \$742,000 and \$713,000, respectively.

On behalf of the College, the Dalhart Education Foundation constructed a facility of approximately 18,000 sq. ft. estimated at \$4,500,000. On May 1, 2018, the Dalhart Education Foundation leased the building to the College for \$500 per month. On January 1, 2019, the base monthly rent was increased to \$1,000 per month. The lease term was through January 30, 2020 but was subject to renewal from year to year unless terminated in writing by either party. The lease is considered a short-term lease. At August 31, 2022 and 2021, rental expense was \$12,000 and \$12,000, respectively.

NOTE 20 - INCOME TAXES

The College is exempt from income taxes under IRC Section 115, "Income of States, Municipalities, Etc.," although unrelated business income may be subject to income taxes under IRC Section 511 (a)(2)(B), "Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations." The College had no unrelated business income tax liability for the years ended August 31, 2022 and 2021.

NOTE 21 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN

Plan Description

The College participates in a cost-sharing, multiple employer, other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position

Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial Report (CAFR) that includes financial statements, notes to the financial statements, notes to the financial statements and required supplementary information. That report may be obtained on the Internet at <https://ers.texas.gov/about-ers/reports-and-studies/reports-on-overall-ers-operations-and-financial-management/2021-acfr.pdf>; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877)275-4377. The fiduciary net position of the plan has been determined using the same basis used by the OPEB plan.

Benefits Provided

Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with

the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

Actuarial Assumptions

The total OPEB liability in the August 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Additional Actuarial Methods and Assumptions:

Valuation date	August 31, 2021
Actuarial cost method	Entry Age
Amortization	Level percent of payroll, open
Discount rate	2.14%
Remaining Amortization	30 Years
Asset Valuation Method	Not Applicable

Actuarial Assumptions (Continued)

Projected salary increases (includes inflation)	2.30% to 9.05%, including inflation
Healthcare trend rates	5.25% for FY 2023, 5.15% for FY 2024, 5.00% for FY2025, 4.75% for FY2026, 4.60% for FY2027 decreasing 10 basis points per year to an ultimate rate of 4.30% for FY 2030 and later years
Inflation assumption rate	2.30%
Ad hoc postemployment benefit changes	None
Mortality assumptions:	
Service retirees, survivors and other inactive members	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018
Disability retirees	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members
Active members	Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014

Many actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS as of August 31, 2019 and TRS retirement plan actuaries as of August 31, 2017.

Changes Since the Prior Actuarial Valuation

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.

NOTE 21 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Changes Since the Prior Actuarial Valuation (Continued)

- Proportion of future retirees assumed to be married and electing coverage for their spouse.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement.
- Percentage of Higher Education vested terminated members assumed to have terminated less than one year before valuation date.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on short-term expectations.
- Annual rate of increase in the Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act has been updated to reflect recent health plan experience and its effects on short-term expectations.
- Assumed expenses directly related to the payment of GBP HealthSelect medical benefits have been updated to reflect recent contract revisions.
- The discount rate was changed from 2.20% as of August 31, 2020 to 2.14% as of August 31, 2021 as a result of requirements by GASB 74 to reflect the yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

These minor benefit change is provided for in FY2020 Assumed Per Capita Health Benefit Costs. There are no benefit changes for HealthSelect retirees and dependents for whom Medicare is primary.

Investment Policy

The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4%.

Discount Rate

Because the State Retiree Health Plan does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement period was 2.20%. The discount rate used to measure the total OPEB liability as of the end of

NOTE 21 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Discount Rate (Continued)

the measurement year was 2.14%, which amounted to a decrease of 0.06% from the beginning of the year. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable to zero years.

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the College's proportionate share of the collective Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (2.14%) in measuring the Net OPEB Liability.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2022, the College reported a liability of \$8,960,152 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the College. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

College's proportionate share of the collective Net OPEB Liability	\$ 8,960,152
State's proportionate share that is associated with the College	6,726,461
	<u>\$ 15,686,613</u>

The net OPEB liability was measured as of August 31, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The College's portion of the net OPEB liability was based on the College's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At the measurement date August 31, 2021, the College's proportion of the collective net OPEB liability was 0.0249757%, which is a decrease of 0.0009113% from its proportion measured as of August 31, 2020.

For the year ended August 31, 2022, the College recognized total OPEB expense of \$210,645 and revenue for support provided by state and federal sources of \$(82,069).

At August 31, 2022, the College reported its proportionate share of the ERS's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 219,782

Frank Phillips College Development Corporation - Discrete Component Unit

The Foundation was established as a separate nonprofit organization to raise funds to provide student scholarships and assistance in the development and growth of the College. Under Governmental Standards Board Statement No. 61, *The Financial Reporting Entity Omnibus – an Amendment of GASB Statements No. 14 and No. 34*, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation financial statements are included in the College's annual report as a discrete component unit (see table of contents).

NOTE 24 - NEW GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued several new pronouncements that the College has reviewed for application to their accounting and reporting.

GASB Statement No. 87, *Leases*, the objective of this statement is to better meet the information needs of the financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources

NOTE 24 - NEW GASB PRONOUNCEMENTS (CONTINUED)

based on the payment provisions of the contract. This statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right-to-use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. GASB 87 is effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged. The College implemented this statement during the current year.

GASB Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required not disclosures. This Statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged. The College is currently evaluating the effect of this statement on their financial statements.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address accounting and financial reporting implications that result from the replacement of an IBOR. This Statement achieves that objective by (1) Providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variable payment; (2) Clarifying the hedge accounting termination provisions when a hedged item is amended to replace the reference rate; (3) Clarifying that the uncertainty related to the continued availability of IBORs does not, by itself, affect the assessment of whether the occurrence of a hedged expected transaction is probable; (4) Removing LIBOR as an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap; (5) Identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap; (6) Clarifying the definition of reference rate, as it is used in Statement 53, as amended; and (7) Providing an exception to the lease modifications guidance in Statement 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend. The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2020. Earlier application is encouraged. The College implemented this statement during the current year.

NOTE 24 - NEW GASB PRONOUNCEMENTS (CONTINUED)

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This statement achieves that objective by (1) establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions (2) requiring governments to report assets and liabilities related to PPPs consistently and disclose important information about PPP transactions. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged. The College is currently evaluating the effect of this statement on their financial statements.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. This Statement provides an exception for short-term SBITAs. Short-term SBITAs have a maximum possible term under the SBITA contract of 12 months, including any options to extend, regardless of their probability of being exercised. Subscription payments for short-term SBITAs should be recognized as outflows of resources. This Statement requires a government to disclose descriptive information about its SBITAs other than short-term SBITAs, such as the amount of the subscription asset, accumulated amortization, other payments not included in the measurement of a subscription liability, principal and interest requirements for the subscription liability, and other essential information. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged. The College is currently evaluating the effect of this statement on their financial statements.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that (1) exempt primary governments that perform the duties that a governing board

typically performs from treating the absence of a governing board the same as the appointment of a voting majority of a governing board in determining whether they are other employee benefit plans and (2) limit the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are financially administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74, respectively, are effective immediately. The College has implemented these two requirements in FY 20. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted. The College is evaluating the effect of this statement on their financial statements.

GASB Statement No. 98, *The Annual Comprehensive Financial Report*. This Statement establishes the term *annual comprehensive financial report* and its acronym *ACFR*. That new term and acronym replace instances of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local governments. The requirements of this Statement are effective for fiscal years ending after December 15, 2021. The College implemented this statement during the current year.

GASB Statement No. 99, *OMNIBUS 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are as follows: (1) Classification and reporting of derivative instruments within the scope of Statement No. 53, *Accounting Financial Reporting for Derivative Instruments*, that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument (2) Clarification of provisions in Statement No. 87, *Leases*, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives (3) Clarification of provisions in Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, related to (a) the determination of the public-private and public-public partnership (PPP) term and (b) recognition and measurement of installment payments and the transfer of the underlying PPP asset (4) Clarification of provisions in Statement No. 96, *Subscription-Based Information Technology Arrangements*, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA, and recognition and measurement of a subscription liability. (5) Extension of the period during which the London Interbank Offered Rate (LIBOR) is considered an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt. (6) Accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program (SNAP) (7) Disclosures related to nonmonetary transactions. (8) Pledges of future revenues when resources are not received by the pledging government. (9) Clarification of provisions in Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis – for State and Local Governments*, as amended, related to the focus of the government-wide financial statements (10) Terminology updates related to certain provisions of Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and*

(2) The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. (3) The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

GASB Statement No. 100, *Accounting Changes and Error Corrections-An Amendment of GASB Statement No. 62*. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of the Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

GASB Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

NOTE 25 - SUBSEQUENT EVENT

The College has evaluated for inclusion as a subsequent event disclosure only those events that occurred prior to December 5, 2022, the date the financial statements were available to be issued. There were no events that require disclosure except as noted below:

In March 2020 the World Health Organization declared the novel strain of coronavirus a "Public Health Emergency of International Concern". As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen. The extent of the impact on our operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on our customers, employees and vendors all of which are uncertain and cannot be predicted. At this point the extent to which COVID-19 may impact our subsequent financial condition or results of operations is uncertain.

This information is an integral part of the accompanying financial statements.

BORGER JUNIOR COLLEGE DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
Year Ended August 31, 2022

NOTE 1 - CHANGES OF BENEFIT TERMS FOR TRS PENSION LIABILITY

There were no changes of benefit terms since the prior measurement date.

NOTE 2 - CHANGES OF ASSUMPTIONS FOR PENSION LIABILITY

There were no changes in assumptions since the prior measurement date.

NOTE 3 - CHANGES OF BENEFIT TERMS FOR OPEB

There were no changes to benefit terms that affected measurement of the total pension liability during the measurement period.

NOTE 4 - CHANGES IN ASSUMPTIONS FOR OPEB

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Assumed Per Capita Health Benefit Costs and Assumed Health Benefit Cost and Retiree Contribution trends have been updated to reflect recent experience and its effects on our short-term expectations.
- The Patient – Centered Outcome Research Institute (PCORI) fees payable under the ACA have been updated to reflect recent health plan experience and its effect on short-term expectations.
- The percentage of current retirees and their spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and their spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The proportion of future retirees assumed to be married and electing coverage for their spouse.
- The discount rate assumption was changed from 2.20% to 2.14%, as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive Opt-Out Credit at retirement.
- Percentage of Higher Education vested terminated members assumed to have terminated less than one year before the valuation date.
- Assumed expenses directly related to the payment of GAP HealthSelect medical benefits have been updated to reflect recent contract revisions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule. The College elected not to use the 10% de minimis indirect cost rate. The College uses 8% indirect cost rate for TRIO as authorized by the grant. The College did not provide pass-through funds to subrecipients for the year ended August 31, 2022.

NOTE 3 - NONCASH AWARDS

There were no federal noncash awards in fiscal year 2022 other than Federal Direct Student Loans discussed in Note 1 above.

NOTE 4 - HIGHER EDUCATION EMERGENCY FUND

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020, by the President and established the Higher Education Emergency Relief Fund (HEERF). The HEERF grant programs allowed (Assistance Listing 84.425F,L) for reimbursement of lost revenue.

For the year ended, August 31, 2022, \$103,042 of estimated lost revenue is included in the schedule of expenditures of federal awards for Assistant Listing 84.425L and \$31,342 of estimated lost revenue is included in the schedule of expenditures of federal awards for Assistance Listing 84.425F.

**Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

Board of Regents
Borger Junior College District
Borger, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component unit of Borger Junior College District (the College) for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated December 5, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned cost as item 2022-001 that is considered to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct

This page left blank intentionally.

and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned cost as item 2022-001.

The College's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Program
And Report on Internal Control Over Compliance Required by the Uniform Guidance**

The Board of Regents
Borger Junior College District
Borger, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the College's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2022. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

This page left blank intentionally.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-002, 2022-003 and 2022-004. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weakness or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weakness. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2022-002, 2022-003 and 2022-004, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II - Financial Statement Findings

Finding 2022-001

Criteria: Reconciliations of the accounts receivable and accounts payable, subledgers and certain general ledger accounts should be performed in a timely manner with review of the account balance and journal entries to ensure proper recording of transactions and accuracy.

Condition: During FY 2022, the College implemented new accounting software. Reconciliations of subledgers and review of certain general ledger accounts were not performed in a timely manner, including review of journal entries to ensure transactions were recorded correctly.

Cause: The general ledger account reconciliations and reviews were behind schedule due to implementation of a new software system.

Effect: Errors or possible misappropriation of College assets could go unnoticed and not be detected and corrected in a timely manner.

Recommendation: Additional training on the new accounting software, accounting policies and processes should be implemented. Subledgers and account reconciliations should be performed monthly with a detailed review of account balances performed to ensure accuracy and proper reporting.

Repeat Finding: Yes

Views of Responsible Officials: The College agrees that reconciliations and reviews should be performed timely. The system software conversion required a significant amount of time from the College and errors were identified in the conversion of the beginning balance in the student accounts receivable system. The College has identified the conversion errors and has corrected the accounts receivable subledger and reconciled to the general ledger as of August 31, 2022. The College will ensure existing processes and controls are adhered to. The College agrees that additional training on accounting software should be implemented.

SECTION III - Findings and Questioned Costs - Major Federal Award Programs

Finding 2022-002

Program: COVID-19 Education Stabilization Fund ALN 84.425F
Higher Education Emergency Relief Fund – Institutional Portion

Program Requirement: Reporting

Criteria: Pursuant to 2022 Compliance Supplement ESF Section 2 III L, an institution must post a report covering amounts spent during the quarter for HEERF I, HEERF II, and HEERF III funds each quarterly reporting period no later than 10 days after the end of each calendar quarter. The report includes the total amount of funds received to date for each Suffix.

Condition: The total funds received to date reported under suffix F was the amount of both the suffix E and F grants. The general ledger accounts used to support the HEERF Institutional Portion reporting did not include all of the HEERF expenditures due to a journal entry post error. The error was not timely detected during the College's quarterly reconciliation of grant revenues and expenditures. The error was detected and corrected prior to year end.

Context: Journal entries were recorded incorrectly to the general ledger, resulting in incorrect reports for the quarters tested. The entries were corrected between the report date and year end.

The total funds received to date was incorrect on three out of four quarterly reports.

Cause: The Business Office did not properly review the reconciliation of grant expenditures or the total funding by suffix.

Effect: Errors could go unnoticed and not be detected and corrected in a timely manner.

Questioned Costs: None

Repeat Finding: Yes

Recommendation: Reconciliations of grant revenue and expenditures should be performed monthly, with a detailed review of account balances to ensure accuracy and proper reporting.

Views of Responsible Officials: The College agrees with the recommendation to perform monthly reconciliations, a detailed review of account balances to ensure accuracy and proper reporting.

SECTION III - Findings and Questioned Costs - Major Federal Award Programs

Finding 2022-003

Program: COVID-19 Education Stabilization Fund ALN 84.425F
Higher Education Emergency Relief Fund – Institutional Portion
COVID-19 Education Stabilization Fund ALN 84.425E
Higher Education Emergency Relief Fund – Student Funds

Program Requirement: Reporting

Criteria: Pursuant to 2022 Compliance Supplement ESF Section 2 III L, an institution must post a report covering amounts spent during the quarter for HEERF I, HEERF II, and HEERF III funds each quarterly reporting period no later than 10 days after the end of each calendar quarter.

Condition: The quarterly report for 84.425F for June 2022 was not posted to the College website within 10 days.

The quarterly report for 84.425E for December 2021 was not posted to the College website.

Context: One out of four reports for ALN 84.425F were not posted timely.

Three out of three quarterly reports for ALN 84.425E were not posted.

Cause: For ALN 84.425F, the person responsible for completing the report did not complete the report timely.

For ALN 84.425E, the person responsible for the report was not aware of the reporting requirement.

Effect: The College was not in compliance with reporting requirements.

Questioned Costs: None

Repeat Finding: Yes

Recommendation: The College needs to ensure reports are posted timely

Views of Responsible Officials: The College agrees with the recommendation to post the reports timely.

SECTION III - Findings and Questioned Costs - Major Federal Award Programs

Finding 2022-004

Program: COVID-19 Education Stabilization Fund ALN 84.425F
Higher Education Emergency Relief Fund – Institutional Portion

Program Requirement: Procurement

Criteria: Pursuant to 2 CFR Section 200.320 (a) 2 (i) If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources as determined appropriate by the non-Federal entity.

Condition: Procurement files did not have adequate supporting documentation. Items purchased under small purchase procedures did not have written documentation of quotes obtained or only contained one quote.

Context: Four out of five items tested subject to small purchase procurement requirements did not have written quotes. One out of five items tested only had one quote and no justification for why more than one quote was not obtained. Four out of five items would have complied with the Compliance Supplement if they had updated their policy to reflect the higher micro-purchase limit allowed by state law and the Compliance Supplement.

Cause: The College noted that the State allowed a micro-purchase threshold up to \$25,000 but did not update their policy or complete the annual self-certification for micro-purchase thresholds greater than \$10,000 prior to implementing the new threshold. The College did not document verbal quotes for items over \$25,000.

Effect: The College is not able to provide proper supporting documentation of compliance with the small purchase requirements.

Questioned Costs: None

Repeat Finding: Yes

Recommendation: The College needs to implement a review process of procurement files to ensure that proper supporting documentation is obtained and included in the procurement files. The College to update their policy to reflect the micro-purchase threshold they have deemed appropriate and complete the required annual self-certification.

Views of Responsible Officials: The College agrees with the recommendation to obtain written quotes from vendors for purchases and to update their policy and to complete an annual self-certification for micro-purchase threshold over \$10,000.
