Independent Auditor's Report

Board of Regents Borger Junior College District Borger, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component unit of Borger Junior College District (the College) as of and for the years ended August 31, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component unit of the College as of August 31, 2024 and 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audited contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond that financial statement date, including any currently know information that may raise substantial doubt shortly thereafter.

O: 806.373.6661 F: 806.372.1237 This page left blank intentionally,

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the College's internal control. Accordingly,
 no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit finding, and certain internal control related matter that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the College's Proportionate Share of the Net Pension Liability, and the Schedule of the College's Contributions to the Pension Plan, Schedule of the College's Proportionate Share of the Net OPEB Liability, Schedule of College's Contributions to the OPEB Plan and Notes to Required Supplemental Information on pages 10-20 and pages 66-71 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational,

economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the College and its discretely presented component unit. The accompanying supplemental information listed in the table of contents, Schedules A, B, C and D, is likewise presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, Schedule E, and Schedule of Expenditures of State of Texas Awards, Schedule F, Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State of Texas Uniform Grants Management Standards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards, the Schedule of Expenditures of State of Texas Awards, and the Other Supplemental Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards, the Schedule of Expenditures of State of Texas Awards, and the Other Supplemental Information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical sections but does not include the basis financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basis financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2024, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over the financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial and Enrollment Highlights

- The institution's net position at year-end was \$9,772,760, an increase of \$8,592,101 or 727.7% for the year. This increase was primarily due to the net settlement proceeds of \$7,070,889 received in FY 2024 (See Note 24 for additional information) and an increase in state appropriations in FY 2024. Accordingly, the College had an increase in cash and cash equivalents of \$5,003,750, an increase in capital assets of \$4,418,163, an increase in total liabilities of \$1,174,986, a decrease in deferred outflows of \$551,574, and a decrease in deferred inflows of \$672,220.
- Contact hours enrollment was up 1.2% overall with an increase of academic contact hours of 3,296 contact hours or 0.82% and career and technical contact hours up 5,304 or 1.57%. Much of the increase in career and technical hours had to do with increased dual credit enrollment.

Statements of Net Position

The Statements of Net Position include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. Net position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources.

Total net position	\$	9,772,760		\$	1,180,659	\$	465,119
			-				

Statements of Net Position (Continued)

Cash and cash equivalents consist of cash in the local financial institution's accounts and TexPool. Unrestricted cash and cash equivalents increased by \$5,003,750 or 401.7%.

Accounts receivable consists primarily of student receivables related to tuition and fees for the fall 2024 semester. Accounts receivable increased by \$253,950 or 10.1%, increasing the balance to \$2,767,892.

Other current assets (including inventory) decreased by \$27,239 reflecting a balance of \$20,241.

Noncurrent Assets

Total capital assets consist of land, library books, construction in progress, buildings, land improvements, and equipment and totals approximately \$36.3 million at year-end. Accumulated depreciation totals approximately \$18.4 million, resulting in net capital assets of approximately \$17.9 million. This reflects an increase of \$4,418,163 in net capital assets. Capital assets are detailed in Note 6 of the notes to the financial statements. At year-end, asset additions totaled \$5,817,308 and depreciation expense was \$1,169,435. The asset additions for this year include roof replacements at the Borger and Perryton campuses as well as the grant purchases of the CDL, welding, and other workforce program equipment.

Current Liabilities

Accounts payable and accrued liabilities represent amounts due at year-end for goods and services received prior to year-end, but for which cash has not been expended. At year-end the balance of accounts payable was \$1,781,255, an increase of \$1,014,358 over the 2023 balance. Funds held for others increased \$188,771 (42.8%), bringing the balance to \$629,403.

Unearned revenues represent payments recorded primarily for tuition and fees and food service from students for the upcoming fall 2024 semester. Unearned revenues of \$2,258,710, increased \$68,447 over last year's ending balance of \$2,190,263.

The College did not have any notes or bonds payable for either FY 2024 or FY 2023.

Noncurrent Liabilities

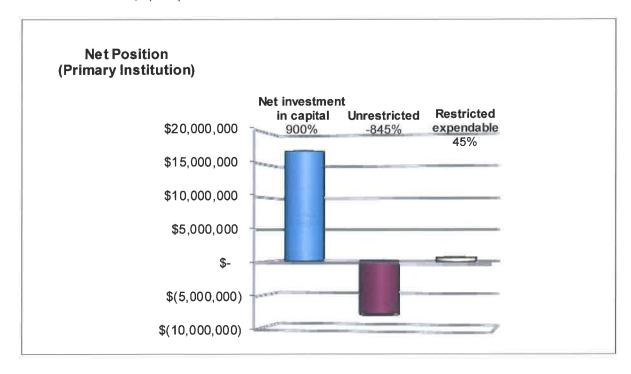

Noncurrent Liabilities consists of the net pension liability, net OPEB liability, and right to use lease and SBITA payables which are payable more than twelve months from year-end. The net pension liability of \$3,100,549, reflects an increase of \$529,329 (see Note 11 – Employees' Retirement Plans). The net OPEB liability is \$6,621,494 for year-end 2024, which is a decrease of \$397,053 (see Note 22 – Defined Other Postemployment Benefit Plan). See Note 7 Leases and Note 8 Subscription Based Information Technology Arrangements for additional information.

Net Position

Net position represents the difference between the College's assets and deferred outflows of resources and liabilities and deferred inflows of resources. Total net position at August 31, 2024, was \$9,772,760. Compared to the prior year, net position increased approximately \$8,591,101 for the current year.

Restricted expendable net position consists of \$638,063 set aside for student aid. These balances have specific restrictions placed on them by parties external to the College, such as donors and grant agencies.

Unrestricted net position represents those balances from operational activities that have not been restricted by parties external to the College. Unrestricted net position totals \$(7,742,017) which was an increase of \$4,024,657.

Statements of Revenues, Expenses and Changes in Net Position

Operating Revenues

Tuition and fees, net of discounts, was \$2,646,111 for the year and represents a decrease of \$519,282 or 16.4% compared to the previous year balance of \$3,165,393. For 2024, gross tuition and fees decreased \$481,819 totaling \$5,098,015. Federal grants to students totaled \$2,124,921 for the current year, compared to the prior year balance of \$1,980,909, an increase of \$144,012 or 7.3%.

Operating Revenues (Continued)

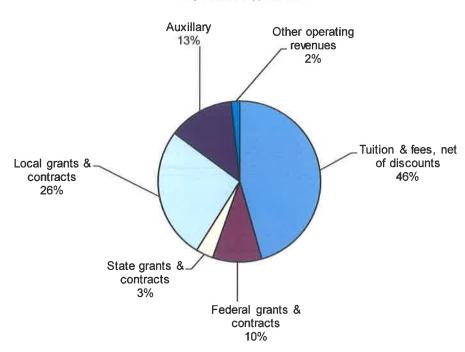

Gross tuition and fees are netted against discounts and scholarship allowances. Fiscal year (FY) 2024 discounts consist of federal grants to students of \$2,124,921, scholarship allowances of \$326,983 – all totaled \$2,451,904 in discounts and allowances. In FY 2023, discounts consist of federal grants to students of \$1,980,909, scholarship allowances of \$433,532, – all totaled \$2,414,441 in discounts and allowances.

Grants and contracts totaled \$2,304,641, for the year. This includes all restricted revenues made available by government agencies. Grant revenues are recorded only to the extent the funds have been expended for the designated purpose. Total grants and contracts decreased \$964,111 or 29.5% over the previous year balance of \$3,268,752. The largest portion of this decrease was the reduced Texas Reskilling and Upskilling Through Education (TRUE) grant funds awarded compared to last year.

Auxiliary enterprises consist of various enterprise entities that provide goods or services to students, faculty, staff or the general public and charge a fee directly related to the cost of those goods or services. Auxiliary revenue was \$755,018 (net of discounts) for the year, an increase of \$50,259 from the prior year balance of \$704,759. The Borger Community Activity Center and the residential life are the primary auxiliary components, which generated \$282,784 and \$472,234 in revenue, respectively, in the current year.

The chart below depicts the various components of operating revenue as a percentage of total revenues.

Revenues % for 2024

Total by function	\$	16,556,331	100%	\$	15,679,237	100%	\$	15,689,136	100%

Instruction includes expenses for all activities that are part of the College's instructional programs – academic, workforce and technical. Instruction expenses of \$6,052,607 increased \$395,935 or 7.0% compared to the previous year balance of \$5,656,672. Salaries account for \$3,204,291 or 52.8% of total instruction. Instruction continues to be the largest of expense classifications, accounting for 36% of the total expenses by function.

Academic support includes expenses to provide support services for the College. This includes costs associated with libraries, academic administration, curriculum development, and technical support including computer service. Academic support totaled \$72,358, representing a 46% decrease from the prior year balance of \$134,365.

Student services consists of expenses related to providing the office of admissions and records and activities that primarily contribute to student's emotional and physical well-being and their intellectual, cultural, and social development outside the context of the formal instructional programs. Student services expenses of \$1,153,932 increased by \$134,263 or 13.17% compared to the previous year-end total of \$1,019,699.

Institutional support consists of expenses incurred for central executive-level management, fiscal operations, administrative data processing, employee and records, support services (excluding auxiliary enterprises), and community and alumni relations (including development and fund raising). Institutional support totaling \$3,462,395 decreased by \$84,372 or 2.38% from the prior year total of \$3,546,767.

Operations and maintenance of plant consists of all expenses of operations and maintenance of the physical plant. Included are maintenance and repairs to buildings, utilities, and salaries and benefits for maintenance and custodial staffs. Operational and maintenance totaling \$1,228,979 increased by \$304,501 or 32.94% from the prior year total of \$924,478.

Scholarships and fellowships include amounts awarded for scholarships, which the College grants to students, by the College's own selection process, or from an entitlement program, equaled \$333,681 a decrease of \$201,609 or 37.7%.

Operating Expenses by Functional Classification (Continued)

Auxiliary enterprises' expenses include all costs to operate the activity center, resident halls, and food service. Auxiliary enterprises totaled \$3,089,580, an increase of \$442,631 or 16.7% as compared to the prior year total of \$2,646,949.

	2024		% 2		2023	%	2022		%
								(restated)	
Salaries and wages	\$	5,646,508	34%	\$	5,417,559	35%	\$	5,397,562	34%
State and local benefits		1,530,870	9%		1,547,834	10%		1,723,388	11%
Scholarships and fellowships		333,681	2%		535,290	3%		334,155	2%
Other expenses		4,792,893	29%		4,316,558	28%		4,819,459	32%
Auxiliary enterprises		3,082,944	19%		2,646,949	17%		2,325,635	15%
Depreciation	-	1,169,435	7%		1,215,047	8%		1,088,937	6%
Total by natural classification	\$	16,556,331	100%	\$	15,679,237	100%	\$	15,689,136	100%

Salaries and wages, along with benefits, clearly represent the largest operating expense, accounting for 43.35% of the total expenses. Total dollar expenses for salaries and wages, increased \$211,985 (3.04%) over last year, and, as a percentage of total expenses, salaries and wages, was at 34.10% of total expenditures.

State and local benefits totaled \$1,530,870 for the year, decreasing \$16,964 (1.10%) from the previous year total of \$1,547,834. The benefit plans (health insurance, retirement, etc.) are determined by the state and are an uncontrollable expense for the College.

Nonoperating Revenues (Expenses)

State appropriations of \$6,472,527 indicates an increase in revenue of \$3,132,297 or 93.77% from the previous year balance of \$3,340,230.

Ad valorem taxes of \$3,049,106 were up in 2024 by 5.5% or \$159,176 from the prior year balance of \$2,889,930. The tax rate is capped at \$0.22 per \$1,000 of valuation.

Federal revenue, nonoperating of \$2,416,861 increased \$100,236 or 4.3% from the previous year total of \$2,316,625. Federal revenue, nonoperating consists of all Title IV financial aid funds.

Current year gifts of \$370,740, generally considered one-time in nature, decreased from the 2023 level by \$131,073 or 26.1%. This was reflective of the volatility of large, nonrecurring donations and the year-to-year fluctuations that can exist. Investment income, net of investment expenses was \$246,253.

Statements of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the year. This statement also helps users assess the College's ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing.

	Primary Institution					
		2024		2023		2022
Cash provided (used) from:	.,		:52			(restated)
Operating activities	\$	(8,537,273)	\$	(7,545,341)	\$	(7,912,730)
Noncapital financing activities		19,241,893		9,193,724		8,229,046
Capital and related financing activities		(5,947,123)		(1,473,311)		(225,295)
Investing activities		246,253		47,325		2,275
Increase (decrease) in cash		5,003,750		222,397		93,296
Cash (restricted and unrestricted) – beginning of year		1,245,783		1,023,386		930,090
Cash (restricted and unrestricted) – end of year	\$	6,249,533	\$	1,245,783	\$	1,023,386

The primary cash receipts from operating activities consist of tuition, fees, and grant revenues. Cash outlays include payment of wages, benefits, supplies, utilities, and scholarships. Federal funds received for student programs continue to be a significant cash source for operating activities.

State appropriations and ad valorem tax revenues are the primary sources of noncapital financing. Other noncapital financing activity includes gifts and endowments. Although the local tax rate is capped at its current level as a result of Board action in 1965, the College is the benefactor of increased values through the expansion of industry. Gifts from private donations continue to be an important revenue source.

The main financing activities include the purchase of capital assets primarily related to facilities, equipment, and technology enhancements. The reinvesting in the infrastructure of the College continues to be emphasized.

Cash and equivalents (restricted and unrestricted) balance of \$6,249,533 for FY 2024, increased \$5,003,750. The balance was comprised of unrestricted cash and cash equivalents.

Component Unit

The Frank Phillips College Development Corporation, considered a component unit, continues to play a vital role in providing scholarships to students attending Frank Phillips College. In 2024, the Development Corporation's scholarships and fellowships to the College was \$135,481 as compared to \$173,833 in FY 2023. Investment income, net of expenses was \$562,607; which showed an increase of \$255,562 for the year as compared to \$307,045 in 2023. Overall, the Development Corporation's net position of \$2,859,177 increased \$447,423 from the previous year-end total net position.

Factors That Will Affect the Future for Frank Phillips College

Frank Phillips College is uniquely positioned to play a key role in addressing the skills gap challenge in the Texas panhandle by helping more Texans earn the credentials required for high-demand, well-paying jobs.

One of the most significant accomplishments from the 88th Texas Legislature was the passage of House Bill 8 (HB 8), which Governor Abbott signed into law in June. This bill brings innovative reform to community college funding, thanks to the years of work, collaboration, and recommendations by the Texas Commission on Community College Finance.

The result of HB 8 is a <u>groundbreaking new funding model</u> that moves community colleges from a static system based primarily on students' time in class to a modern and dynamic outcomes-based formula that supports the critical role community colleges play in driving our economy. For the first time, the state will support community colleges based primarily on specific outcomes that are aligned with the state's higher education strategic plan, <u>Building a Talent Strong Texas</u>, as well as regional and state workforce needs.

The outcomes driving this new model include:

- the number of high school students who complete 15 semester credit hours in dual credit or dual enrollment courses;
- the number of community college students who transfer successfully to public fouryear universities or complete 15 semester credit hours in a structured co-enrollment program; and
- the number of community college students who earn credentials of value, which offer purpose in the economy, value in the labor market, and opportunities for good jobs and meaningful careers.

The full impact of the legislation to Frank Phillips College can be found on the Texas Higher Education Coordinating Board (THECB) website at:

https://www.highered.texas.gov/our-work/supporting-our-institutions/community-college-finance/

For FY23-24, the legislature increased Texas community college funding by \$211 million. Frank Phillips College received an additional \$2.9 million of the additional appropriations or double what the college had been receiving. The total appropriations received were \$5,799,197.

For FY24-25, the College is scheduled to receive an additional \$1,638,681 due to exceeding THECB performance outcomes. The total appropriations scheduled to be received for FY24-25 is \$7,437,878.

One of the major changes of House Bill 8 was the introduction of the Financial Aid for Swift Transfer (FAST) program for educationally disadvantaged students. This program has resulted in a significant demographic change in the student population of the College. Dual credit enrollment has grown by 21% because of the program and outreach efforts by the College.

Factors That Will Affect the Future for Frank Phillips College (Continued)

The College's CDL program has been implemented at all campuses. A Diesel Mechanics Program was started at the Perryton and Dalhart campuses in FY23-24. Additional opportunities for future enrollment growth include but are not limited to: industrial equipment operator specialist, culinary arts, building construction, computer science/technology programs, and a partnership with the Texas Department of Criminal Justice to offer programs at the Dalhart prison unit.

All these opportunities will have a strong positive impact on the College, both operationally and financially.

Gene and Louise Rahll generously agreed to build another workforce building at the Dalhart Rahll Campus. The new building will provide space for additional workforce opportunities including diesel mechanics, CDL, and other programs. The new facility has already spurred interest in enrollment in new workforce programs.

The College continues to partner with Borger High School to implement the Boomtown Scholarship Program and the Pathways Scholarship with Perryton High School. These two scholarship programs will cover the 60 hours of tuition and fees toward seeking an associate's degree. The College has also partnered with Dalhart High School to implement the Rahll Endowed Scholarship for the Future of Dalhart Fund which will provide similar scholarship opportunities. These programs have had a positive impact on helping to increase enrollment numbers.

Federal economic policy and geopolitical factors are always a concern and could negatively affect the College. Fortunately, federal funds and philanthropic efforts have continued to provide funding to assist students and to alleviate and detrimental enrollment effects resulting from the tuition and fee increases.

BORGER JUNIOR COLLEGE DISTRICT NOTES TO FINANCIAL STATEMENTS August 31, 2024 and 2023

NOTE 1 - REPORTING ENTITY

Borger Junior College District (Frank Phillips College or the College) was established in 1948, in accordance with the laws of the State of Texas, to serve the educational needs of Borger, Texas, and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in Government Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the College receives funding from local, state, and federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The Frank Phillips College Development Corporation (the Foundation) is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The College does not appoint a voting majority nor does it fund or is it obligated to pay debt related to the Foundation. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds and invests, is restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements. During the years ended August 31, 2024 and 2023, the Foundation distributed approximately \$135,500 and \$173,800 to the College for restricted purposes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges.* The College applies all applicable GASB pronouncements. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This amount set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.0333). When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds

Certain Title IV Higher Education Act (HEA) Program funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue.

BORGER JUNIOR COLLEGE DISTRICT NOTES TO FINANCIAL STATEMENTS August 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Title IV, Higher Education Act Program Funds (Continued)

When the award is used by the student for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The College awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Deferred Inflows

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Governments are only permitted to report deferred inflows in circumstances specifically authorized by the GASB. As of August 31, 2024, the College reported a deferred inflow of \$438,877 and \$2,818,586 related to the net pension liability and net OPEB liability, respectively. As of August 31, 2023, the College reported a deferred inflow of \$690,063 and \$3,239,620 related to the net pension liability and net OPEB liability, respectively.

Deferred Outflows

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will

BORGER JUNIOR COLLEGE DISTRICT NOTES TO FINANCIAL STATEMENTS August 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows (Continued)

not be recognized as an outflow of resources (expense) until then. Governments are only as permitted to report deferred outflows in circumstances specifically authorized by the GASB. As of August 31, 2024, the College reported a deferred outflow of \$1,172,818 and \$458,476, related to the net pension liability and the net OPEB liability, respectively. As of August 31, 2023, the College reported a deferred outflow of \$1,042,656 and \$1,140,212, related to the net pension liability and the net OPEB liability, respectively.

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Restricted cash consists of restricted funds from donors.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories consist of consumable office supplies, food, and pro shop. Inventories are valued at the lower of cost or market using the first-in, first-out (FIFO) method and are charged to expense as consumed.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 and an estimated useful life in excess of one year. Renovations to buildings, infrastructures, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The following lives are used:

Puildings	50 years
Buildings	,
Facilities and other improvements	20 years
Library books	15 years
Furniture, machinery, vehicles and other equipment	10 years
Telecommunications and peripheral equipment	5 years

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases

Effective September 1, 2021, the College implemented GASB No. 87, *Leases*. As the lessee, the College determines whether a contract is, or contains a lease at inception. Lease agreements with a maximum lease term of twelve months or less, including options to extend, are accounted for as a short-term lease. Lease agreements that transfer ownership of the underlying asset to the College at the end of the contract are recorded as a finance purchase with a related lease liability. Lease agreements not classified as a short-term lease, or a finance purchase are accounted for as an intangible right-to-use lease asset. An Intangible right-to-use lease asset represents the College's right-to-use an underlying asset during the lease term and the lease liability represents the College's obligation to make lease payments arising from the lease. Intangible right-to-use lease assets and lease liabilities are recognized at lease commencement based upon the estimate present value of unpaid lease payments over the lease term. The College uses its incremental borrowing rate based on information available at lease commencement in determining the present value of unpaid lease payments.

Subscription Based Information Technology Arrangement

Effective September 1, 2022, the College implemented GASB No. 96, Subscription - Based Information Technology Arrangements (SBITAs). As the end user of technology arrangements, the College determines whether an arrangement contains a SBITA, which results in a right-to-use subscription asset, an intangible asset, and a corresponding subscription liability. SBITAs, that at the commencement of the subscription term, has a maximum possible term of 12 months (or less), including any options to extend are classified as short-term. Intangible right-to-use SBITA assets and liabilities are recognized at the commencement based upon the expected payments to be made during subscription term discounted using the interest rate the SBITA vendor charges which may be the interest rate implicit in the agreement. If the interest rate cannot be readily determined the College's estimated incremental borrowing rate is used.

Unearned Revenues

Tuition, fees, and other revenues received and related to the following fiscal year have been deferred. Tuition and fees of \$2,258,710 and \$2,190,263 have been reported as unearned revenue at August 31, 2024 and 2023, respectively.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS' fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Postemployment Benefits

The fiduciary net position of the Employee Retirement System of Texas (ERS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of information about assets, liabilities and additions to / deductions from ERS's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating and Nonoperating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations. The principal operating revenues are tuition and related fees. The major nonoperating revenues are state appropriations, federal Title IV revenue and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operations of the bookstore and food service are not performed by the College. When both restricted and unrestricted resources are available for use, it is the College's practice to use restricted resources first and then unrestricted resources as they are needed.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentations.

NOTE 3 - AUTHORIZED INVESTMENTS

The College is authorized to invest in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the state of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

NOTE 4 - DEPOSITS AND INVESTMENTS

Cash and cash equivalents included on Exhibit 1A, Statements of Net Position, as of August 31, 2024 and 2023, consist of the items reported below:

	2024	2023
Bank deposits		
Demand deposits	\$ 2,088,325	\$ 1,233,793
Cash and cash equivalents		
Petty cash on hand	4,405	3,990
TexPool	4,156,803	8,000
Total cash and cash equivalents	\$ 6,249,533	\$ 1,245,783

The following represents a reconciliation of cash and cash equivalents, as of August 31, 2024 and 2023, as reported on Exhibit 1A:

	2024	<u>2023</u>
Unrestricted cash and cash equivalents - current	\$ 6,249,533	\$ 1,245,783
Total cash and cash equivalents	\$ 6,249,533	\$ 1,245,783

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The College's investments are registered and held by the College or by its agent in the College's name. The College had approximately \$869,000 of uninsured bank deposits as of August 31, 2024.

Interest Rate Risk: In accordance with state law and College policy, the College does not purchase any investments with maturities greater than 10 years.

Credit Risk: State law limits investments in commercial paper to those rated not less than A-1 or P-1 and no-load money market mutual funds to those rated not less than AAA. As of August 31, 2024 and 2023, the College did not have any investments in commercial paper or no-load money market mutual funds.

The following is a summary of the investments at fair value of the Foundation at August 31, 2024 and 2023.

	<u>2024</u>		<u>2023</u>
Managed equity funds - short term	\$ 2,515,560	\$	2,113,407
Certificates of deposit - short term	=		43
Certificates of deposit - long term	<u> </u>	-	117,256
Total investment at fair value	\$ 2,515,560	\$	2,230,706

NOTE 4 - DEPOSITS AND INVESTMENTS (CONTINUED)

		Inv	estme	ent Mat	urities	(in Yea	ars)	
Investment Type	Fair Value	Less than 1	Less than 1 1 to 2		2	to 3	3	to 4
August 31, 2024								
Managed equity funds	\$ 2,515,560	\$2,515,560	\$		\$	<u>.</u>	\$	
Total	\$ 2,515,560	\$2,515,560	\$	-	\$	-	\$	E

Participation in External Investment Pools

As of August 31, 2024 and 2023, the carrying amount of amounts invested in investment pools was \$4,156,803 and \$8,000, respectively. Investment pools are recorded at cost, which approximated market value. All investment pools are uninsured and are not registered with the Securities and Exchange Commission. Investment pools are not subject to custodial credit risk as they are not evidenced by securities that exist in physical or book entry form.

The College's investment in investment pools is TexPool Participant Services. TexPool Participant Services' regulatory oversight agent is the Texas Treasury Safekeeping Trust Company and their credit risk rating is AAAm. Their financial reports may be obtained by writing Federated Investment Management Company, 1001 Texas Avenue, Suite 1400, Houston, TX 77002.

NOTE 5 - FAIR VALUE MEASUREMENTS

The College adopted Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, as guidance on fair value measurements. The standard established a three-level valuation hierarchy for disclosure based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the valuation.

The three levels are defined as follows:

- Level 1 Quoted prices for identical assets or liabilities in active markets.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

• Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The College uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the College measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The College did not have any assets or liabilities measured at fair value on a recurring or non-recurring basis for years ended August 31, 2024 and 2023.

The Foundation had the following:

Assets Measured at Fair Value on a Recurring Basis

			Fair Va	lue Me	asurements	Using:	ng:		
August 31, 2024	Fair Value	ľ	oted Prices In Active Markets for ntical Assets (Level 1)	O	ignificant Other bservable Inputs (Level 2)	Uno	gnificant bservable Inputs _evel 3)

NOTE 6 - CAPITAL ASSETS (CONTINUED)

As of August 31, 2024 and 2023, the College recognized a gain (loss) of \$(228,813) and \$-0-, respectively, on the disposal of capital assets.

As of August 31, 2024, the College has construction commitments of \$2,383,792.

NOTE 7 - LEASES

Pursuant to GASB No. 87, Leases, the College has recorded an intangible right-to-use lease asset which represents the College's right-to-use an underlying asset during the lease term. The College has obtained educational and food service space, as well as education equipment through right-to-use leased assets. The terms and conditions for these leases varies. All lease agreements are fixed, periodic payments over the lease term, which ranges from 1 to 5 years.

The Dalhart Education Foundation constructed a facility of approximately 18,000 sq. ft. estimated at \$4,500,000. On May 1, 2018, the Dalhart Education Foundation leased the building to the College for \$500 per month. On January 1, 2019, the base monthly rent was increased to \$1,000 per month. The lease term was through January 30, 2020 but was subject to renewal from year to year unless terminated in writing by either party. The lease is considered a short-term lease. At August 31, 2024 and 2023, rental expense was \$12,000 and \$12,000, respectively.

Right-to-use leased assets at August 31, 2024 and 2023 consisted of the following:

Right-to-Use Leased Assets

	2024	2023
Right-to-Use - Buildings	\$ 244,471	\$ 244,471
Right-to-Use - Equipment	127,238	127,238_
Total Right-to-Use Assets	 371,709	371,709
Less accumulated amortization for:		
Right-to-Use - Buildings	128,056	93,132
Right-to-Use - Equipment	86,259	50,907
Total accumulated amortization	 214,315	144,039
Right-to-Use Assets, net	\$ 157,394	\$ 227,670

Pursuant to GASB No. 87, Leases, the College recorded a right-to-use lease liability in conjunction with the intangible right-to-use lease asset. The lease liability represents the College's obligation to make lease payments arising from the lease.

NOTE 7 - LEASES (CONTINUED)

Following is a summary of the College's right-to-use lease liability principal maturities and interest requirements:

Year Ended August 31,	Principal			Principal Interest		
2025	\$	64,343	\$	1,822	\$	66,165
2026	46,084			792		46,876
2027		36,561		279		36,840
2028	11,978			22		12,000
	\$	158,966	\$	\$ 2,915		161,881

NOTE 8 - SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS

General Description

The College has several existing arrangements and some new arrangements subject to the requirements of GASB 96. These agreements can be described in groups – those related to the provision of assisting students, those related to the training of teachers and their support personnel, and those used for administrative purposes. The College makes annual payments and the agreements are for varying terms. The SBITA liability is the present value of these payments using the College's incremental borrowing rate. The liability is amortized providing the principal and interest components of the payments over the SBITA term. The SBITA Asset is measured as the SBITA Liability plus any capitalized expenditures/expenses incurred in the initial implementation stage. The SBITA asset is depreciated (amortized) using a straight-line depreciation method over the term of the SBITA arrangement. The Board of Regents set a materiality threshold on SBITA arrangements at \$5,000. There were no arrangements below this level with an aggregate annual expenditure of \$-0-.

The total amount of the Subscription Assets and Accumulated Amortization are as follows:

Subscription Based Assets	Term in Months		2024	2023
Subscription Based - Education Assistance for Students Subscription Based Administrative Total Subscription Based Assets	48 85	\$	59,253 1,208,255 1,267,508	\$ 59,253 1,208,255 1,267,508
Less accumulated amortization for:				
Subscription Based - Education Assistance for Students Subscription Based Administrative Total accumulated amortization		_	44,440 399,056 443,496	29,626 266,038 295,664
Subscription Based Assets, net		\$	824,012	\$ 971,844

NOTE 8 - SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS (CONTINUED)

General Description (Continued)

Pursuant to GASB No. 96, SBITA, the College recorded a Subscription Based IT liability in conjunction with the Subscription Based Asset. The liability represents the College's obligation to make payments arising from the subscription.

Following is a summary of the College's subscription based liability principal maturities and interest requirements:

Year Ended August 31,	P	Principal Interest			Total
2025	\$	143,529	\$	9,905	\$ 153,434
2026		133,622		8,365	141,987
2027		139,416		6,830	146,246
2028		145,406		5,228	150,634
2029		151,596		3,557	155,153
2030-2034		157,993		1,815	159,808
	\$	871,562	\$	35,700	\$ 907,262

Commitments and Impairments

There were no additional commitments made before the commencement of the SBITA term(s). There were also no impairments or modifications to be reported during this fiscal year.

NOTE 9 - NONCURRENT LIABILITIES

Noncurrent liability activity for the year ended August 31, 2024, was as follows:

General information related to note payables is summarized below:

Line of Credit

The College renewed their existing line of credit on May 11, 2023 in the amount of \$300,000. The line of credit matured on May 5, 2024, with 8.250% interest rate and was not subsequently renewed. All unpaid principal is due at maturity. The LOC was secured by all accounts and intangibles of the College. The balance outstanding at August 31, 2024 and 2023 was \$-0- and \$-0- respectively.

NOTE 11 - EMPLOYEES' RETIREMENT PLANS

Plan Description

The College participates in a cost-sharing, multiple-employer defined benefit pension plan (the Plan) that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code (IRC). The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The Board of Trustees does not have the authority to establish or amend benefits.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.trs.texas.gov./TRS%20Documents/acfr-2022.pdf (select *About TRS*, then *Publications*, then *Financial Reports*) or by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension benefits are established or amended under the authority of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8, Subtitle C.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers, and active employees for the fiscal years 2019 through 2024.

The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, whose formulas use the three highest annual salaries. The normal service retirement is at age 65 with 5 years of service credit or when the sum of the member's age and years of credited service equals 80 or more years.

Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic postemployment benefit changes, including automatic cost of living adjustments (COLAs). Ad hoc postemployment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article XVI, Section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code Section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contributions (Continued)

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 thru 2024.

Contribution rates for Plan fiscal years (September to August) 2024 and 2023 follow:

	Contribu <u>Plan Fi</u>		
	2024		2023
Member	8.00%		8.00%
Non-Employer Contributing Entity	8.00%		7.75%
Employer	8.00%		7.75%
	Contr Reguired		
	-	a all	
	<u>2024</u>		<u>2023</u>
College (Employer)	\$ 249,159	\$	202,099
Member (Employee)	434,993		383,282
Non-employer contributing agency (State)	165,501		138,487

Contributors to the plan include members, employers, and the State of Texas as the only non-employer contributing entity. The State contributes to the Plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers, including junior colleges, are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contributions (Continued)

In addition to the employer contributions listed above, when employing a retiree of the TRS, the employer shall pay both the member contribution and the state contribution as an employment-after-retirement surcharge.

Actuarial Assumptions

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the total pension liability to August 31, 2023.

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the four-year period ending August 31, 2021 and were adopted in July 2022.

The active mortality rates were based on the published PUB(2010) Mortality Tables for Teachers, below median, also with full generational mortality. The post-retirement mortality rates were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables.

The following table discloses the assumptions that were applied to this measurement period.

Valuation Date	August 31, 2022 rolled forward
	to August 31, 2023
Actuarial cost method	Individual Entry Age Normal
Asset valuation method	Fair Value
Single Discount rate	7.00%
Long-term expected investment rate of return	7.00%
Municipal bond rate as of August 2023*	4.13%*
Last year ending August 31 in the	
projection period (100 years)	2122
Inflation	2.30%
Salary increases including inflation	2.95% to 8.95%, including inflation
Ad hoc postemployment benefit changes	None

^{*} The Municipal bond rate used is 4.13% as of August 31, 2023 (i.e. the rate closest to be not later than the Measurement Date). The source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Changes Since the Prior Actuarial Valuation

The actuarial assumptions and methods are the same used in the determination of the prior year's Net Pension Liability.

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Position Liability. In addition, the Legislature also provided for a cost of living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

Discount Rate

The single discount rate used to measure the total pension liability was 7.00%; the municipal bond rate is 4.130% (based on the daily rate closest to but not later than the measurement date of the Fidelity "20-Year Municipal GO AA Index"); and the resulting single discount rate is 7.00%. The single discount rate was based on the expected rate of return on pension plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. The long-term expected rate of return on pension plan investments was 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2023 are summarized below:

Asset Class	Target Allocation ¹	Long-Term Expected Geometric Real Rate of Return ²	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
USA	18.00%	4.00%	1.00%
Non-U.S. developed	13.00%	4.50%	0.90%
Emerging Markets	9.00%	4.80%	0.70%
Private Equity	14.00%	7.00%	1.50%
Stable Value			
Government Bonds	16.00%	2.50%	0.50%
Stable Value Hedge Funds Absolute Return (Including Credit	5.00%	4.10%	0.20%
Sensitive Investments)	0.00%	3.60%	0.00%

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Discount Rate (Continued)

Asset Class	Target <u>Allocation</u> ¹	Long-Term Expected Geometric Real <u>Rate of Return</u> ²	Expected Contribution to Long-Term Portfolio Returns
Real Return			
Real Estate	15.00%	4.90%	1.10%
Energy, Natural Resources	/		
and Infrastructure	6.00%	4.80%	0.40%
Commodities	0.00%	4.40%	0.00%
Risk Parity			
Risk Parity	8.00%	4.50%	0.40%
Asset Allocation Leverage			
Cash	2.00%	3.70%	0.00%
Asset Allocation Leverage	(6.00)%	4.40%	(0.10)%
Inflation Expectation			2.30%
Volatility Drag ³			(0.90)%
Expected Return	100.00%		8.00%

¹ Target allocations are based on the FY2023 policy model.

For the fiscal year ended August 31, 2023, the annual money-weighted rate of return on pension plan investments was 3.84 percent. The annual money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Sensitivity of the College's Share of the Net Pension Liability

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.00%) in measuring the 2023 Net Pension Liability.

	1% Decrease Discount Rate	Current Discount Rate	1% Increase Discount Rate
	6.00%	7.00%	8.00%
College's proportionate share of the net pension liability	\$ 4,635,493	\$ 3,100,549	\$ 1,824,243

² Capital Market Assumptions come from Aon Hewitt (as of 6/30/2023).

³ The volatility drag results from the conversion between arithmetic and geometric mean returns.

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2024, the College reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the College were as follows:

	<u>2024</u>		<u>2023</u>
College's proportionate share of the net pension liability State's proportionate share of the net pension liability	\$ 3,100,549 2,211,635	\$	2,571,220 1,761,920
Total	\$ 5,312,184	\$	4,333,140

The net pension liability was measured as of August 31, 2022 and rolled forward to August 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2022 rolled forward to August 31, 2023. The College's proportion of the net position liability was based on the College's contributions to the pension plan relative to the contributions of all participating entities to the Plan for the period September 1, 2022 through August 31, 2023.

At August 31, 2023, the College's proportion of the collective net pension liability was 0.0045138063%, which is an increase of 0.0001827776% from its proportion measured as of August 31, 2022 of 0.0043310287%.

For the years ended August 31, 2024 and 2023, the College recognized pension expense of \$481,919 and \$134,637 and revenue of \$333,938 and \$168,420 for support provided by the State in the Statements of Net Position – Primary Institution.

At August 31, 2024, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows o <u>Resource</u>			Ir	Deferred Iflows of esources
Differences between expected and actual experience Changes of assumptions Differences between projected and actual earnings	\$	110,474 293,251		\$	37,544 71,765
on pension plan investments Changes in proportion and differences between College		451,205			200 500
contributions and proportionate share of contributions College contributions subsequent to the measurement date		68,729 249,159			329,568
Total	\$	1,172,818		\$	438,877

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

At August 31, 2023, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	I	Deferred			eferred
	0	Outflows of			flows of
	R	esources		Re	sources
Differences between expected and actual experience	\$	37,282		\$	56,057
Changes of assumptions		479,102			119,406
Differences between projected and actual earnings					
on pension plan investments		254,028			170
Changes in proportion and differences between College					
contributions and proportionate share of contributions		49,146			514,600
College contributions subsequent to the measurement date		223,098			<u> </u>
Total	\$	1,042,656		\$	690,063

The \$249,159 and \$223,098 reported as deferred outflows of resources related to pensions resulting from College contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the years ended August 31, 2024 and 2023, respectively. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31,

Total	\$ 484,782
2029	21,337
2028	103,229
2027	344,603
2026	13,040 -
2025	\$ 2,573

Optional Retirement Plan - Defined Contribution Plan

Plan Description

Participation in the Optional Retirement Program is in lieu of participation in the TRS. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

NOTE 11 - EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Optional Retirement Plan – Defined Contribution Plan (Continued)

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas Legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.65% and 6.00%, respectively for 2024 and 2023. The College contributes 1.31% for employees who were participating in the optional retirement program prior to September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amounts of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the state for the College was approximately \$174,000, \$185,000, and \$19,000, for the fiscal years ended August 31, 2024, 2023, and 2022, respectively. This amount represents the portion of expended appropriations made by the state legislature on behalf of the College for TRS and the Optional Retirement Program.

The total payroll of employees covered by the Optional Retirement Program was approximately \$456,000, \$505,000, and \$491,000, for fiscal years 2024, 2023, and 2022, respectively.

College-Sponsored Benefit Plans

The College has a defined contribution plan qualified under Section 401(k) of the IRC. Under the provisions of the plan, employees are eligible to participate when they have attained the age of 18 and have been credited with one year of service. Employee deferral contributions are not limited by the plan. The College's contributions are discretionary. The related expense was approximately \$124,000, \$144,000, and \$109,000, for the years ended August 31, 2024, 2023, and 2022, respectively.

The College has a voluntary employee defined contribution 403(b) plan administered by the Plan's trustee. The Plan is funded by employee deferrals of compensation. Plan funds are held in trust and are administered by the College's with oversight by the Board of Regents. Full-time employees and certain part-time employees are eligible to participate and are fully vested at all times. At August 31, 2024, 2023, and 2022, there were 6, 6, and 6, respectively, Plan participants.

NOTE 12 - DEFERRED COMPENSATION PROGRAM

College employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001.

NOTE 13 - COMPENSATED ABSENCES

Full-time employees earn annual leave from 80 to 120 hours per year depending on the number of years employed by the College. FY 2021 the College's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year. However, accrued leave time accumulated over the set maximum (0 to 5 years a maximum of 40 hours and over 5 years a maximum of 80 hours) will be forfeited on the employee's anniversary date. Employees with at least six months of service who terminate their employment are entitled to payment for accumulated annual leave up to the set maximum as stated above. During FY 2022, the College revised the policy. Vacation leave shall accumulate from month to month and not carry over to the next year. An employee shall not receive pay for unused vacation leave upon separation of employment.

NOTE 14 - COMMITMENTS, CONTINGENCIES AND LAWSUITS

The College participates in various state and federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies. In the opinion of the College's management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no other provision has been recorded in the accompanying financial statements for such contingencies. Additionally, the College's students participate in the Federal Direct Loan Program for which the proceeds are used for tuition and education-related costs. Regulations require that default rates pertaining to loans to persons attending the College not exceed certain levels at the College. In the event that specific levels were exceeded, the program could be discontinued at the College; however, the College does not anticipate this occurring. The total amount of Direct Loans made during 2024 and 2023 was \$379,938 and \$493,811, respectively.

On September 13, 2016, the College received a letter from the Texas Higher Education Coordinating Board (THECB) summarizing the findings from their on-site Methods of Administration (MOA) Civil Rights Compliance Review. The College responded to the THECB on November 11, 2016 and developed a five year plan to address the findings with evidence of completion required by September 30, 2022. The College received an extension and entered into construction and remodeling commitments of approximately \$192,000 to comply with the findings. In FY 2023, the College completed the requirements and submitted the information to the THECB for approval.

On May 14, 2024, the THECB notified the College that it had fulfilled all obligations of the Voluntary Compliance Plan and completed all required actions set forth in the THECB's MOA report.

NOTE 15 - RISK FINANCING

The College does not participate in public entity risk pools. Claims and judgments are accounted for in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. Property and casualty risks are insured through insurance contracts. Workers compensation risks are substantially covered by insurance. Health claims are fully covered by the state of Texas.

The College maintains their commercial insurance with Public Educator Association of Texas. The coverage period is September 1, 2023 through August 31, 2024. The College renewed their coverage for the period September 1, 2024 through August 31, 2025. The premium for FY 2025 was \$904,656 of which the College paid on October 17, 2024.

NOTE 16 - DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES

Receivables at August 31, 2024 and 2023, consisted of the following:

	<u>2024</u>		2023
Student receivables, net of allowance	\$ 2,186,439	\$	2,222,134
Taxes receivable, net of allowance of \$195,849			
and \$175,044 in 2024 and 2023, respectively	88,292		80,081
Other	 493,161		211,727
Total accounts receivable, net	\$ 2,767,892	\$	2,513,942

Accounts payable at August 31, 2024 and 2023, consisted of the following:

	<u>2024</u>		2023
Vendors payable and other	\$ 1,781,255	\$	766,897
Total accounts payable	\$ 1,781,255	\$	766,897

NOTE 17 - CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2A and Schedules A and C. For federal and nonfederal contract and grant awards, funds expended, but not collected, are reported as accounts receivable on Exhibit 1A. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

NOTE 18 - HEALTH CARE AND LIFE INSURANCE BENEFITS

Certain healthcare and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's contribution per full-time employee was approximately \$625 per month for the year ended August 31, 2024, (\$625 per month for the year ended August 31, 2023) and totaled \$434,184 for the year ended August 31, 2024, (\$413,088 for the year ended August 31, 2023). The cost of providing those benefits for retirees in the year ended 2024 was \$165,273 (retiree benefits for retirees cost \$164,060 in 2023). For active employees, the cost of providing benefits was \$269,911 for the year ended 2024 (active employee benefits for employees cost \$249,028 for the year ended 2023). S.B. 1812, effective September 1, 2013, limits the amounts of the state's contribution to 50% of eligible employees in the reporting district.

NOTE 19 - AD VALOREM TAX

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the taxing jurisdictions.

At August 31, 2024:

Not assessed valuation of the District \$ 1.1	342 260 430
Net assessed valuation of the District \$ 1,3	342,260,430

Tax rate per \$100 valuation for authorized Tax rate per \$100 valuation for assessed	Current Operations \$ 0.22000 0.22000	Debt <u>Service</u> \$ 0.5000 0.0000	* 0.72000 0.22000
Taxes collected Delinquent taxes collected Penalties and interest collected	2,958,964 42,392 33,123	-	2,958,964 42,392 33,123
Total collections	\$ 3,034,479	\$ -	\$ 3,034,479

At August 31, 2023:

	-		
Net assessed valuation of the District	\$	1,387,960,190	
Less: exemptions and abatements		320,287,840	
Assessed valuation of the District	\$	1,708,248,030	

NOTE 19 - AD VALOREM TAX (CONTINUED)

	Current	Debt	
	Operations	<u>Service</u>	<u>Total</u>
Tax rate per \$100 valuation for authorized	\$ 0.22000	\$ 0.5000	\$ 0.72000
Tax rate per \$100 valuation for assessed	0.22000	0.0000	0.22000
Taxes collected	2,824,110	-	2,824,110
Delinquent taxes collected	38,246	¥	38,246
Penalties and interest collected	31,365	-	31,365
Total collections	\$ 2,893,721	\$ -	\$ 2,893,721

Taxes levied for the years ended August 31, 2024 and 2023, were approximately \$3,031,000 and \$2,872,000, respectively, (which included penalty and interest assessed, if applicable). Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Tax collections for the years ended August 31, 2024 and 2023, were 97.61% and 98.33%, respectively, of the current tax levy. Allowance for uncollectible taxes is based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking expenditures.

NOTE 20 - BRANCH CAMPUS MAINTENANCE TAX

A branch campus maintenance tax that is established by election is levied by Ochiltree County. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Collections are transferred to the College to be used for operation of a branch campus in Perryton, Texas. This revenue is reported under local grant contracts. Collections in fiscal years 2024 and 2023 (including penalties and interest) from Ochiltree County totaled approximately \$602,000 and \$599,000, respectively.

A branch campus maintenance tax that is established by election is levied by Dallam and Hartley Counties. It is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District. Collections are transferred to the College to be used for operation of a branch campus in Dalhart, Texas. This revenue is reported under local grant contracts. Collections in fiscal years 2024 and 2023 (including penalties and interest) from Dallam and Hartley Counties totaled approximately \$828,000 and \$769,000, respectively.

NOTE 21 - INCOME TAXES

The College is exempt from income taxes under IRC Section 115, "Income of States, Municipalities, Etc.," although unrelated business income may be subject to income taxes under IRC Section 511 (a)(2)(B), "Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations." The College had no unrelated business income tax liability for the years ended August 31, 2024 and 2023.

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN

Plan Description

The College participates in a cost-sharing, multiple employer, other post-employment benefit (OPEB) plan with a special funding situation. The Texas Employees Group Benefits Program (GBP) is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position

Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial Report (CAFR) that includes financial statements, notes to the financial statements and required supplementary information. That report may be obtained on the Internet at https://ers.texas.gov/about-ers/reports-and-studies/reports-on-overall-ers-operations-and-financial-management/2022-acfr.pdf; or by writing to ERS at: 200 East 18th Street, Austin, TX 78701; or by calling (877)275-4377. The fiduciary net position of the plan has been determined using the same basis used by the OPEB plan.

Benefits Provided

Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds. There are no long-term contracts for contributions to the plan.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

Maximum Monthly Employer Contribution Retiree Health and Basic Life Premium Fiscal Year

Employer Contribution Rates	<u>2024</u>	2023
Retiree only	\$ 624.82	\$ 624.82
Retiree and spouse	\$ 1,340.82	\$ 1,340.82
Retiree and children	\$ 1,104.22	\$1,104.22
Retiree and family	\$ 1,820.22	\$ 1,820.22

Contributions of premiums to the GBP plan for the current and prior fiscal year by source is summarized in the following table.

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Actuarial Assumptions (Continued)

Many actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS as of August 31, 2019 and TRS retirement plan actuaries as of August 31, 2021.

Changes Since the Prior Actuarial Valuation

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- Proportion of future retirees assumed to be cover dependent children.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion of future retirees expected to receive the Opt-Out Credit at retirement.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on short-term expectations.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care
 Act and the rate of future increases in the fee have been updated to reflect the most recent
 available information.
- The discount rate was changed from 3.59% to 3.81% as a result of requirements by GASB 75 to reflect the yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

These changes are provided for in FY2024 Assumed Per Capita Health Benefit Costs. Changes in benefit terms for measurement year ended August 31, 2023 represent the elimination of liability attributable to members from Stephen F. Austin State University, who were added to the University of Texas System.

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Investment Policy

The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2022 to require that all funds in the plan be invested in cash and equivalent securities.

Discount Rate

Because the State Retiree Health Plan does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement period was 3.59%. The discount rate used to measure the total OPEB liability as of the end of the measurement year was 3.81%, which amounted to an increase of 0.22% from the beginning of the year. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable to zero years.

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the College's proportionate share of the collective Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.81%) in measuring the Net OPEB Liability.

Discount Pot	Discount Date	
2.81%	3.81%	Discount Rate 4.81%
Proportionate share of the Net OPEB Liability \$ 7,683,292		\$ 5,767,462

Healthcare Cost Trend Rates Sensitivity Analysis

The initial healthcare trend rate is 5.60% and the ultimate rate is 4.30%. The following presents the College's proportionate share of the collective net OPEB Liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB Liability would be if it were calculated using a healthcare cost trend rate that is one-percentage point lower or one-percentage point higher than healthcare cost trend rate that was used (5.60% decreasing to 4.30%) in measuring the Net OPEB Liability.

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Healthcare Cost Trend Rates Sensitivity Analysis (Continued)

	1% Decrease	Current	1% Increase
	in Healthcare	Healthcare	in Healthcare
	Trend Cost	Cost Trend	Cost Trend

Proportionate share of the Net OPEB Liability	\$ 6,045,936	\$ 6,621,494	\$ 8,354,729
	+ 3,0.0,000	+ -,,,	+ -,,.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2024, the College reported a liability of \$6,621,494 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the College. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

College's proportionate share of the collective Net OPEB Liability	\$ 6,621,494
State's proportionate share that is associated with the College	3,700,890
	\$ 10,322,384

The net OPEB liability was measured as of August 31, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The College's portion of the net OPEB liability was based on the College's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2022 through August 31, 2023.

At the measurement date August 31, 2023, the College's proportion of the collective net OPEB liability was 0.02478333%, which is an increase of 0.00014558% from its proportion measured as of August 31, 2022.

For the year ended August 31, 2024, the College recognized total OPEB expense of \$(246,182) and revenue for support provided by state and federal sources of \$(109,831).

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (Continued)

At August 31, 2024, the College reported its proportionate share of the ERS's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		Deferred		Deferred
	O	utflows of	1	Inflows of
	R	esources	E	Resources
Differences between expected and actual experience	\$	*	\$	175,142
Changes in actuarial assumptions		220,886		2,067,981
Differences between projected and actual investment earnings		535		<u>u</u>
Changes in proportion and differences between the employer's				
contributions and proportionate share of contributions		63,153	2	575,463
Total as of August 31, 2023 measurement date	\$	284,574	\$	2,818,586
Contributions paid to ERS subsequent to the measurement date		173,902	7	
Total as of fiscal year end	\$	458,476	\$	2,818,586

At August 31, 2023, the College reported its proportionate share of the ERS's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	[Deferred		Deferred
	O	utflows of	I	nflows of
	R	esources	<u>R</u>	esources
Differences between expected and actual experience	\$	-	\$	221,444
Changes in actuarial assumptions		412,368		2,169,499

NOTE 22 - DEFINED OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (Continued)

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31,	
2025	\$ (841,126)
2026	(722,825)
2027	(560,416)
2028	(353,032)
2029	 (56,613)
Total	\$ (2,534,012)

NOTE 23 - COMPONENT UNIT

Frank Phillips College Development Corporation - Discrete Component Unit

The Foundation was established as a separate nonprofit organization to raise funds to provide student scholarships and assistance in the development and growth of the College. Under Governmental Standards Board Statement No. 61, *The Financial Reporting Entity Omnibus – an Amendment of GASB Statements No. 14 and No. 34*, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation financial statements are included in the College's annual report as a discrete component unit (see table of contents).

NOTE 24 - SPECIAL AND EXTRAORDINARY ITEMS

During 2022, the College retained legal council in relation to a storm-damage claim against Public Educators of Texas. An engineering firm was engaged to analyze the claim and scope of damages. During 2024, the College received settlement checks totaling \$7,070,889, net of attorney and public adjusters fees of \$1,829,250. The settlement proceeds related to Borger and Perryton Campuses.

NOTE 25 - NEW GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued several new pronouncements that the College has reviewed for application to their accounting and reporting.

GASB Statement No. 99, OMNIBUS 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are as follows: (1) Classification and reporting of derivative instruments within the scope of Statement No. 53, Accounting Financial Reporting for Derivative Instruments, that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument (2) Clarification of provisions in Statement No. 87, Leases, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives (3) Clarification of provisions in Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, related to (a) the determination of the public-private and public-public partnership (PPP) term and (b) recognition and measurement of installment payments and the transfer of the underlying PPP asset (4) Clarification of provisions in Statement No. 96, Subscription-Based Information Technology Arrangements, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA, and recognition and measurement of a subscription liability. (5) Extension of the period during which the London Interbank Offered Rate (LIBOR) is considered an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt. (6) Accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program (SNAP) (7) Disclosures related to nonmonetary transactions. (8) Pledges of future revenues when resources are not received by the pledging government. (9) Clarification of provisions in Statement No. 34, Basic Financial Statements-and Management's Discussion and Analysis - for State and Local Governments, as amended, related to the focus of the governmentwide financial statements (10) Terminology updates related to certain provisions of Statement No. 63. Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position (11) Terminology used in Statement No. 53 to refer to resource flows statements. The requirements of this Statement that are effective as follows: (1) The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. (2) The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. (3) The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The College implemented their statement during the current year.

NOTE 25 - NEW GASB PRONOUNCEMENTS (CONTINUED)

GASB Statement No. 100, Accounting Changes and Error Corrections-An Amendment of GASB Statement No. 62. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of the Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. The College implemented their statement during the current year.

GASB Statement No. 101, Compensated Absences. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

NOTE 26 - RELATED PARTY DISCLOSURE REQUIRED BY THE U.S. DEPARTMENT OF EDUCATION

To comply with the Financial Responsibility, Administrative Capability, Certification Procedures, Ability To Benefit regulation promulgated by the U.S. Department of Education, there were no related party transactions during the audit period.

NOTE 27 - SUBSEQUENT EVENT

The College has evaluated for inclusion as a subsequent event disclosure only those events that occurred prior to November 18, 2024, the date the financial statements were available to be issued. There were no events that require disclosure.

BORGER JUNIOR COLLEGE DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION Year Ended August 31, 2024

NOTE 1 - CHANGES OF BENEFIT TERMS FOR TRS PENSION LIABILITY

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Pension Liability of TRS. In addition, the Legislature also provided a cost of living adjustment (COLA) to retirees which was approved by the November 2023 election which will be paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

NOTE 2 - CHANGES OF ASSUMPTIONS FOR PENSION LIABILITY

The actuarial assumptions and methods are the same used in the determination of the prior year's Net Pension Liability.

NOTE 3 - CHANGES OF BENEFIT TERMS FOR OPEB

There were no changes to benefit terms that affected measurement of the total pension liability during the measurement period.

NOTE 4 - CHANGES IN ASSUMPTIONS FOR OPEB

Changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period were as follows:

- Percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- Proportion of future retirees assumed to be cover dependent children.
- Proportion of future retirees assumed to elect health coverage at retirement and proportion
 of future retirees expected to receive the Opt-Out Credit at retirement.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on short-term expectations.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act and the rate of future increases in the fee have been updated to reflect the most recent available information.
- The discount rate was changed from 3.59% to 3.81% as a result of requirements by GASB 75 to reflect the yield or index rate for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

BORGER JUNIOR COLLEGE DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION Year Ended August 31, 2024

NOTE 4 - CHANGES IN ASSUMPTIONS FOR OPEB (CONTINUED)

These changes are provided for in FY2024 Assumed Per Capita Health Benefit Costs. Changes in benefit terms for measurement year ended August 31, 2023 represent the elimination of liability attributable to members from Stephen F. Austin State University, who were added to the University of Texas System.

Federal grants and contracts revenue, nonoperating-per Schedule C	2,416,861
Federal Direct Student Loans	379,938

Total federal revenues per Schedule of Expenditures of Federal Awards \$3,363,338

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The expenditures included in the schedule are reported for the College's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the College for the purposes of the award. The expenditures reported above may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the basic financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule. The College elected not to use the 10% de minimis indirect cost rate. The College did not provide pass-through funds to subrecipients for the year ended August 31, 2024.

NOTE 3 - NONCASH AWARDS

There were no federal noncash awards in fiscal year 2024 other than Federal Direct Student Loans discussed in Note 1 above.

It's about time.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Regents Borger Junior College District Borger, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component unit of Borger Junior College District (the College) for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 18, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify deficiencies in internal control, described in the accompanying schedule of findings and questioned cost as items 2024-001 and 2024-002 that are considered to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct

O: 806.373.6661 F: 806.372.1237 This page left blank intentionally.

and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned cost as items 2024-001 and 2024-002.

The College's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program And Report on Internal Control Over Compliance Required by the Uniform Guidance

The Board of Regents Borger Junior College District Borger, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Borger Junior College District's (the College) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2024. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

O: 806.373.6661 F: 806.372.1237 This page left blank intentionally.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to
 test and report on internal control over compliance in accordance with the Uniform
 Guidance, but not for the purpose of expressing an opinion on the effectiveness of the
 College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2024-003. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weakness or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weakness. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2024-003 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the internal control over compliance findings identified in our compliance audit and described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

BORGER JUNIOR COLLEGE DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) Year Ended August 31, 2024

SECTION II - Financial Statement Findings

Finding 2024-001

Criteria: Reconciliations of cash, accounts payable, subledgers and certain

general ledger accounts should be performed in a timely manner with review of the account balance and journal entries to ensure proper

recording of transactions and accuracy.

Condition: During FY 2022, the College implemented new accounting software and

had turnover in a key financial position. Reconciliations of cash, subledgers and review of certain general ledger accounts were not performed in a timely manner, including proper review of journal entries to ensure transactions were recorded correctly. The College developed a Corrective Action Plan in FY 2023 to address this however during FY 2024 the College had turnover in another key financial position which delayed the implementation of the College's FY 2022 Corrective Action

Plan.

Cause: The general ledger account reconciliations and reviews were behind

schedule due to lack of training on the new software system and turnover

in a key financial position.

Effect: Errors or possible misappropriation of College assets could go unnoticed

and not be detected and corrected in a timely manner.

Repeat Finding: Yes

Recommendation: Additional training on the new software, accounting policies and

processes should be implemented. Subledgers and account reconciliations should be performed monthly with a detailed review of account balances performed to ensure accuracy and proper reporting.

Views of Responsible

Officials:

The College agrees that reconciliations and reviews should be performed timely. The Controller position has been filled and the CFO will continue to review processes, internal controls and correcting the set up errors from the computer conversion. The College will ensure existing processes and controls are adhered to. The College agrees that additional training on accounting software should be implemented to fully utilize the new accounting system.

BORGER JUNIOR COLLEGE DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) Year Ended August 31, 2024

SECTION II - Financial Statement Findings

Finding 2024-002

Criteria: The College's Procurement Policy (the Policy) requires proper support

and documentation and the completion of the procurement checklist. Accordingly, the Policy requires the College to obtain price or rate quotes from an adequate number of qualified sources as determined appropriate

and document the quotes in the file.

Condition: The College did not obtain and document an adequate number of quotes.

There were no quotes obtained and documented in the file.

Context: One out of seven files tested did not have documentation of an adequate

number of quotes in the file.

Cause: The College did not document quotes for the procurement file tested.

Effect: The College is not in compliance with the Procurement Policy.

Repeat Finding: Yes

Recommendation: The College needs to implement a review process of procurement files

to ensure that the procurement checklist and supporting documentation

is obtained and included in the procurement files.

Views of Responsible

Officials: The College agrees with the recommendation to obtain written quotes

from vendors for purchases.

BORGER JUNIOR COLLEGE DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) Year Ended August 31, 2024

SECTION III - Findings and Questioned Costs - Major Federal Award Programs

Finding 2024-003

Program:

Student Financial Assistance Programs ALN 84.063 and 84.268

Program

Requirement:

Special Tests

Criteria:

Per OMB No. 1845-0035, the Institution is required to report enrollment information under the Pell grant and Direct loan programs via the NSLDS and certify enrollment statuses, program information, and effective dates that appear on the Enrollment Reporting Roster file or on the Enrollment

Maintenance page of the NDLDS Professional Access website

Condition:

The reports concerning enrollment data have not been submitted in 2024.

Context:

The College was unable to provide enrollment data submissions.

Cause:

The College's software was not working correctly to allow reporting to the

NSLDS.

Effect:

Students loan repayment of principle and interest would not be made

timely.

Questioned Costs:

N/A

Repeat Finding:

Yes

Recommendation:

The College needs to follow the requirements concerning the Enrollment Reporting for the as listed in the compliance supplement and correct

reporting to the NSLDS.

Views of Responsible

Officials:

The College agrees with the recommendation to follow the Reporting

requirements for Enrollment Reporting.

BORGER JUNIOR COLLEGE DISTRICT SCHEDULE OF CORRECTIVE ACTION FOR AUDIT FINDINGS AND QUESTIONED COSTS Year Ended August 31, 2024

Finding 2024-001

Condition:

During FY 2022, the College implemented new accounting software and had turnover in a key financial position. Reconciliations of cash, subledgers and review of certain general ledger accounts were not performed in a timely manner, including proper review of journal entries to ensure transactions were recorded correctly. The College development Corrective Action Plan in FY 2023 to address this however during FY 2024 the College had turnover in another key financial position which delayed the implementation of the College's FY 2022 Corrective Action Plan.

Corrective Action

Plan:

See College's response starting on page 102.

Finding 2024-002

Condition:

The College did not obtain and document an adequate number of quotes.

There were no quotes obtained and documented in the file.

Corrective Action

Plan:

See College's response starting on page 102,

Finding 2024-003

Condition:

The reports concerning enrollment data have not been submitted in 2024.

Corrective Action

Plan:

See College's response starting on page 103.

BORGER JUNIOR COLLEGE DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS Year Ended August 31, 2023

Finding 2023-001

Condition: During FY 2022, the College implemented new accounting software.

Reconciliations of cash, subledgers and review of certain general ledger accounts were not performed in a timely manner, including proper review of journal entries to ensure transactions were recorded correctly. During 2023, the College had turnover in a key financial positions which further delayed the implementation of the College's FY 2022 Corrective Action

Plan.

Corrective Action

Plan: See the College's response starting on page 105.

Finding 2023-002

Condition: Procurement files did not have written documentation of the College's

verification that vendors were not suspended or debarred or otherwise

excluded from federal programs.

Corrective Action

Plan: See the College's response starting on page 105.

Finding 2023-003

Condition: The College's procurement files did not document that affirmative steps

had been taken in the procurement files.

Corrective Action

Plan: See the College's response starting on page 106.

Finding 2023-004

Condition: The reports concerning enrollment data have not been submitted in 2023.

Corrective Action

Plan: See the College's response starting on page 106.

Borger Junior College District (Frank Phillips College) Corrective action plan Year ended August 31, 2024

Financial Statement Findings:

Finding 2024-001

Condition: During FY 2022, the College implemented new accounting software

and had turnover in a key financial position. Reconciliations of cash, subledgers and review of certain general ledger accounts were not performed in a timely manner, including proper review of journal entries to ensure transactions were recorded correctly. The College developed a Corrective Action Plan in FY 2023 to address this however during FY 2024 the College had turnover in another key financial position which delayed the implementation of the

College's FY 2022 Corrective Action Plan.

Contact Person: Jackie Brand, Chief Financial Officer

Anticipated Completion

Date: 11/1/2024

Corrective Action

Plan: The College agrees that reconciliations and reviews should be

performed timely. The turnover in key financial positions contributed to the delay. The new Director of Accounting has reviewed current procedures and implemented changes to ensure reconciliations are performed monthly and reviewed for accuracy and proper reporting. The Director of Accounting will ensure business office staff receive

appropriate training on an annual basis.

Finding 2024-002

Condition: The College did not obtain and document an adequate number of

guotes. There were no quotes obtained and documented in the file.

Contact Person: Jackie Brand, Chief Financial Officer

Anticipated Completion

Date: 12/1/2024

Corrective Action

Plan: The College agrees that a review process of procurement files to

ensure an adequate number of quotes are not only obtained but documented is needed. The College will update the procurement manual to reflect the updated processes and ensure all relevant staff receive training on the procurement process and required

documentation.

Borger Junior College District (Frank Phillips College) Corrective action plan (Continued) Year ended August 31, 2024
